

microRDS - RED DOT MICRO SIGHT no Backup sights - microRDS KIT-IWI MASADA-OPTICS READY

[Optics & Mounting](#) > [Electronic Sights](#) > [Reflex Sights](#)

The quickest, easiest upgrade in the history of accuracy. The Mepro microRDS brings the rapid target acquisition of a full-size red dot rifle optic to a compact pistol sight. Featuring a patented quick-detach (QD) adaptor kit that easily mounts using the pistol's existing rear sight dovetail slot; no drilling, tapping or need for a gunsmith. It's the only red-dot solution that instantly mounts and dismounts without having to re-zero, with an adaptor that also gives you a Meprolight® TruDot™ self-illuminated sight as a back-up when the red dot optic is removed. Built to mount in minutes to any pistol with red dot capability. It also serves as an excellent close-quarters red dot sight and backup sight for rifles and shotguns.

microRDS RED DOT MICRO SIGHT Safety Instructions

Introduction

Thank you for choosing the microRDS RED DOT MICRO SIGHT. This guide provides important safety instructions and guidelines to ensure the safe use of this product. Please read this manual carefully before using the microRDS to understand how to operate it safely and effectively.

General Safety Guidelines

- Always treat the microRDS as if it is loaded.
- Ensure the microRDS is used only on compatible pistols with red dot capability.
- Keep the sight clean and free from obstructions to ensure proper functionality.
- Store the microRDS in a safe place, out of reach of children and unauthorized users.
- Regularly check the sight for any signs of damage or wear.
- Ensure that the sight is securely mounted before use.

Specific Safety Precautions for Use

- Do not attempt to modify the microRDS in any way.
- Avoid exposing the sight to extreme temperatures or harsh weather conditions.
- Use only the recommended accessories and mounts for installation.
- Always use eye protection when using firearms equipped with the microRDS.
- If you notice any malfunction or unusual behavior while using the microRDS, discontinue use immediately and seek assistance.

Instructions for Installation and Usage

Installation

1. Ensure the pistol is unloaded and the area is safe.
2. Remove the existing rear sight from the pistol using appropriate tools.
3. Align the microRDS adaptor kit with the dovetail slot of the pistol.
4. Securely attach the adaptor kit without drilling or tapping.
5. Confirm that the microRDS is firmly attached and does not move.

Usage

1. Turn on the microRDS by pressing the power button.
2. Adjust the brightness settings to your preference.
3. Align the red dot with your target for accurate aiming.
4. If necessary, utilize the Meprolight® TruDot™ selfilluminated sight as a backup.
5. After use, turn off the microRDS to conserve battery life.

Disposal Instructions

- Dispose of the microRDS in accordance with local regulations.
- Do not dispose of the sight in regular household waste.
- Contact your local waste management facility for proper disposal methods.

Contact Information for Further Support

For any inquiries related to safety or product issues, please consult your local retailer or the manufacturer's official website for support resources.

Thank you for prioritizing safety while using the microRDS RED DOT MICRO SIGHT. Your adherence to these guidelines helps ensure a safe and enjoyable shooting experience.
