[Handgun Parts](#) > [Sights](#) > [Sight Sets](#)

MEPROLIGHT® combat-proven self-illuminated night sights enable you to upgrade your capabilities to hit stationary or moving targets under low-light conditions with dramatically increased hit probability. Test results by marksmen and journeymen level shooters have shown an increase of over 85% in hit efficiency, using Meprolight® self-illuminated day/night sights. TRU-DOT® models offer a handgun sighting system for improved rapid instinctive aiming which requires no transition from day to night use. Day and night, the shooter's aiming reference is three solid dots, identical in appearance and location under all light conditions. Designed as replacement parts for the standard weapon sights, Meprolight's Self-Illuminated night sights can be mounted directly with minor modifications. Superior production methods and rigid quality control have made Meprolight® the first choice among law enforcement agencies, defense decision-makers, and major weapon manufacturers. A full quality program, certified to ISO-9001:2008 and complying with NATO and US Military Specifications is in place. All products and processes at Meprolight® are performed, controlled, and monitored to these demanding quality levels. Meprolight® leads the world in OEM and after-market self-illuminated sights for handguns. Designed to replace the existing front and rear sights, the highly visible Tru-Dot® sights are perfect for daylight, low-light, and nighttime conditions. Meprolight® is Responding to users needs, our TRU-DOT® models are available in various tritium dots color on the rear sight : Green, Yellow, Orange (Yellow or Orange for selected models only) and green tritium dot on the front sight .

# Tru Dot FIXED PISTOL SET GLOCK 42 Safety Instructions

## Introduction

Thank you for choosing the Tru Dot FIXED PISTOL SET for your Glock 42, 43, 43X, and 48. This product is designed to enhance your shooting experience with improved visibility in lowlight conditions. Please read this safety instruction guide carefully to ensure safe and effective use of your night sights.

## General Safety Guidelines

- Always treat every firearm as if it is loaded.
- Keep the firearm pointed in a safe direction at all times.
- Store the firearm and ammunition separately and securely.
- Ensure that you are in a safe environment when handling your firearm.
- Always wear appropriate eye and ear protection when shooting.
- Be aware of your target and what lies beyond it.
- Follow all local laws and regulations regarding firearm ownership and use.

## Specific Safety Precautions for Use

- Ensure that the Tru Dot sights are properly installed before using the firearm.
- Only use the Tru Dot sights for their intended purpose on Glock models specified.
- Do not attempt to modify the sights or the firearm in a way that could compromise safety.
- Regularly inspect the sights for any signs of damage or wear.
- If you notice any issues with the sights, discontinue use and seek professional assistance.

## Instructions for Installation and Usage

### Installation

1. **Gather Tools:** You will need a small screwdriver and possibly other tools depending on your specific Glock model.
2. **Remove Existing Sights:** Carefully remove the existing front and rear sights from your Glock. Follow the manufacturer's instructions for your specific model.
3. **Install Tru Dot Sights:** Position the Tru Dot sights in place of the old sights. Ensure they are aligned correctly.
4. **Secure the Sights:** Tighten the screws or use the mounting method recommended by the manufacturer to secure the sights.
5. **Check Alignment:** Once installed, check the alignment of the sights to ensure they are properly positioned for accurate aiming.

### Usage

- Familiarize yourself with the sighting system before using the firearm in a live environment.
- Practice aiming with the Tru Dot sights in various lighting conditions to understand their performance.
- Always ensure the firearm is unloaded when practicing or adjusting the sights.

## Disposal Instructions

- Dispose of any damaged or worn sights in accordance with local regulations.
- Do not dispose of sights in regular household waste. Instead, check for local recycling programs or hazardous waste disposal options.

- Ensure that any firearm parts are disposed of safely to prevent accidents.

## **Contact Information for Further Support**

For any inquiries regarding the Tru Dot FIXED PISTOL SET or to report safety concerns, please contact the manufacturer or a qualified professional. Always refer to the official website or customer service for the latest information and support.

## **Conclusion**

By following these safety instructions, you can ensure a safer shooting experience with your Tru Dot FIXED PISTOL SET. Always prioritize safety and stay informed about best practices for firearm use. Thank you for your commitment to responsible firearm ownership.
