[Handgun Parts](#) > [Sights](#) > [Sight Sets](#)

MEPROLIGHT® combat-proven self-illuminated night sights enable you to upgrade your capabilities to hit stationary or moving targets under low-light conditions with dramatically increased hit probability. Test results by marksmen and journeymen level shooters have shown an increase of over 85% in hit efficiency, using Meprolight® self-illuminated day/night sights. TRU-DOT® models offer a handgun sighting system for improved rapid instinctive aiming which requires no transition from day to night use. Day and night, the shooter's aiming reference is three solid dots, identical in appearance and location under all light conditions. Designed as replacement parts for the standard weapon sights, Meprolight's Self-Illuminated night sights can be mounted directly with minor modifications. Superior production methods and rigid quality control have made Meprolight® the first choice among law enforcement agencies, defense decision-makers, and major weapon manufacturers. A full quality program, certified to ISO-9001:2008 and complying with NATO and US Military Specifications is in place. All products and processes at Meprolight® are performed, controlled, and monitored to these demanding quality levels. Meprolight® leads the world in OEM and after-market self-illuminated sights for handguns. Designed to replace the existing front and rear sights, the highly visible Tru-Dot® sights are perfect for daylight, low-light, and nighttime conditions. Meprolight® is Responding to users needs, our TRU-DOT® models are available in various tritium dots color on the rear sight : Green, Yellow, Orange (Yellow or Orange for selected models only) and green tritium dot on the front sight .

# Tru Dot FIXED PISTOL SET GLOCK 10MM Safety Instruction Guide

## Introduction

Thank you for choosing the Tru Dot FIXED PISTOL SET GLOCK 10MM. This guide provides essential safety information and instructions to ensure the safe use of your night sights. Please read this manual carefully before installation and usage.

## General Safety Guidelines

- Ensure that all firearms are handled safely and responsibly.
- Always treat every firearm as if it is loaded.
- Keep your firearm pointed in a safe direction at all times.
- Store your firearm securely and out of reach of children.
- Regularly inspect your firearm and accessories for any signs of wear or damage.
- Follow all local laws and regulations regarding firearms and their accessories.
- Report any unsafe products or accidents to the appropriate authorities.
- Check for recall updates on the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Only use the Tru Dot FIXED PISTOL SET GLOCK 10MM with compatible Glock models.
- Ensure that the firearm is unloaded before installing or adjusting the sights.
- Avoid touching the tritium dots directly to prevent damage and ensure longevity.
- Use caution when handling the firearm in lowlight conditions to prevent accidents.
- If you notice any unusual performance or damage to the sights, discontinue use immediately and consult a qualified professional.
- Keep the sights clean and free from debris to maintain optimal performance.

## Instructions for Installation and Usage

### Installation Instructions

1. **Preparation:** Ensure that your firearm is unloaded. Remove the magazine and check the chamber.
2. **Remove Existing Sights:** Using a sight removal tool, carefully remove the existing front and rear sights from your Glock.
3. **Install Tru Dot Sights:**
  - Align the Tru Dot rear sight with the mounting slot on the slide and press it into place.
  - Secure the rear sight using the provided screws, ensuring it is firmly attached.
  - Repeat the process for the front sight, ensuring it is aligned correctly.
4. **Check Alignment:** After installation, check the alignment of the sights to ensure they are properly positioned for accurate aiming.
5. **Test Functionality:** Conduct a safe test to ensure the sights function correctly under various lighting conditions.

### Usage Instructions

- When aiming, use the threedot sighting system to acquire your target quickly.
- Practice shooting in both daylight and lowlight conditions to familiarize yourself with sight visibility.
- Always ensure your firearm is pointed in a safe direction when aiming and shooting.

## **Disposal Instructions**

- Dispose of any damaged or nonfunctional sights in accordance with local regulations for hazardous materials.
- Do not attempt to disassemble the tritium components of the sights, as they contain radioactive materials.

## **Contact Information for Further Support**

For any inquiries or support regarding the Tru Dot FIXED PISTOL SET GLOCK 10MM, please refer to the manufacturer's contact information provided with your product. Ensure you have the product model and any relevant details available for assistance.

This safety instruction guide is designed to help you use your Tru Dot FIXED PISTOL SET GLOCK 10MM safely and effectively. Always prioritize safety and responsible firearm handling. Thank you for your attention to these guidelines.
