

Tru Dot FIXED PISTOL SET GLOCK 10MM - Tru Dot FIXED PISTOL SET GLOCK 10MM/45ACP G/Y

[Handgun Parts](#) > [Sights](#) > [Sight Sets](#)

MEPROLIGHT® combat-proven self-illuminated night sights enable you to upgrade your capabilities to hit stationary or moving targets under low-light conditions with dramatically increased hit probability. Test results by marksmen and journeymen level shooters have shown an increase of over 85% in hit efficiency, using Meprolight® self-illuminated day/night sights. TRU-DOT® models offer a handgun sighting system for improved rapid instinctive aiming which requires no transition from day to night use. Day and night, the shooter's aiming reference is three solid dots, identical in appearance and location under all light conditions. Designed as replacement parts for the standard weapon sights, Meprolight's Self-Illuminated night sights can be mounted directly with minor modifications. Superior production methods and rigid quality control have made Meprolight® the first choice among law enforcement agencies, defense decision-makers, and major weapon manufacturers. A full quality program, certified to ISO-9001:2008 and complying with NATO and US Military Specifications is in place. All products and processes at Meprolight® are performed, controlled, and monitored to these demanding quality levels. Meprolight® leads the world in OEM and after-market self-illuminated sights for handguns. Designed to replace the existing front and rear sights, the highly visible Tru-Dot® sights are perfect for daylight, low-light, and nighttime conditions. Meprolight® is Responding to users needs, our TRU-DOT® models are available in various tritium dots color on the rear sight : Green, Yellow, Orange (Yellow or Orange for selected models only) and green tritium dot on the front sight .

Tru Dot FIXED PISTOL SET GLOCK 10MM Safety Instruction Guide

Introduction

Thank you for choosing the Tru Dot FIXED PISTOL SET GLOCK 10MM. This safety instruction guide is designed to help you understand the safe use, installation, and maintenance of your new sights. Please read this guide carefully to ensure safe operation and to maximize the performance of your product.

General Safety Guidelines

- Ensure that you are familiar with your firearm and its operation before installing or using the Tru Dot sights.
- Always treat your firearm as if it is loaded, even if you believe it is not.
- Keep your firearm pointed in a safe direction at all times.
- Store your firearm and sights in a secure location, away from children and unauthorized users.
- Regularly inspect your sights for any signs of damage or wear. Replace them if necessary.
- Always wear appropriate eye protection when using your firearm.
- Follow all local laws and regulations regarding firearm use and storage.

Specific Safety Precautions for Use

- The Tru Dot sights are designed for use with Glock handguns. Ensure compatibility before installation.
- Do not modify the sights or your firearm in any way that could compromise safety.
- Avoid using the sights in extreme environmental conditions that could affect their performance (e.g., very high or low temperatures, excessive moisture).
- Be aware that tritium used in the sights is a radioactive material. Although it is safe when used as intended, do not attempt to disassemble or tamper with the sights.
- If you notice any unusual behavior or performance from your sights, cease use immediately and consult a qualified gunsmith.

Instructions for Installation and Usage

Installation Instructions

1. **Gather Tools:** You will need a screwdriver and possibly other tools depending on your specific Glock model.
2. **Unload Firearm:** Ensure that your firearm is completely unloaded before beginning installation.
3. **Remove Existing Sights:** Carefully remove the existing front and rear sights from your Glock using the appropriate tools.
4. **Install Tru Dot Sights:**
 - Align the rear sight with the dovetail slot on the rear of your slide.
 - Use the screwdriver to secure the rear sight in place.
 - Repeat this process for the front sight, ensuring it is properly aligned and secured.
5. **Check Alignment:** After installation, check that both sights are aligned correctly for optimal aiming.

Usage Instructions

- Familiarize yourself with the sight picture. The Tru Dot system features three solid dots for aiming under varying light conditions.
- Practice using the sights in both daylight and lowlight conditions to become accustomed to their performance.
- Regularly clean the sights to maintain visibility and functionality.

Disposal Instructions

- When disposing of the Tru Dot sights, follow local regulations for the disposal of electronic and radioactive materials.
- Do not throw the sights in regular household waste. Instead, contact your local waste management facility for guidance on safe disposal methods.

Contact Information for Further Support

For any inquiries regarding the Tru Dot FIXED PISTOL SET GLOCK 10MM, including safety concerns or product support, please refer to the contact information provided by your retailer or manufacturer.

By adhering to these safety guidelines and instructions, you can ensure a safe and effective experience with your Tru Dot FIXED PISTOL SET GLOCK 10MM. Thank you for prioritizing safety and responsibility in your firearm usage.
