[Handgun Parts](#) > [Sights](#) > [Sight Sets](#)

MEPROLIGHT® combat-proven self-illuminated night sights enable you to upgrade your capabilities to hit stationary or moving targets under low-light conditions with dramatically increased hit probability. Test results by marksmen and journeymen level shooters have shown an increase of over 85% in hit efficiency, using Meprolight® self-illuminated day/night sights. TRU-DOT® models offer a handgun sighting system for improved rapid instinctive aiming which requires no transition from day to night use. Day and night, the shooter's aiming reference is three solid dots, identical in appearance and location under all light conditions. Designed as replacement parts for the standard weapon sights, Meprolight's Self-Illuminated night sights can be mounted directly with minor modifications. Superior production methods and rigid quality control have made Meprolight® the first choice among law enforcement agencies, defense decision-makers, and major weapon manufacturers. A full quality program, certified to ISO-9001:2008 and complying with NATO and US Military Specifications is in place. All products and processes at Meprolight® are performed, controlled, and monitored to these demanding quality levels. Meprolight® leads the world in OEM and after-market self-illuminated sights for handguns. Designed to replace the existing front and rear sights, the highly visible Tru-Dot® sights are perfect for daylight, low-light, and nighttime conditions. Meprolight® is Responding to users needs, our TRU-DOT® models are available in various tritium dots color on the rear sight : Green, Yellow, Orange (Yellow or Orange for selected models only) and green tritium dot on the front sight .

Tru Dot FIXED PISTOL SET GLOCK STD Safety Instruction Guide

Introduction

Thank you for choosing the Tru Dot FIXED PISTOL SET for your Glock. This guide provides essential safety instructions to ensure the safe and effective use of your night sights. Please read this document carefully before installation and usage.

General Safety Guidelines

- Ensure the product is suitable for your specific Glock model (9/357SIG/40/45GAP).
- Always handle firearms with care and follow all firearms safety rules.
- Use the product only for its intended purpose, which is to enhance aiming capabilities in lowlight conditions.
- Keep the product out of reach of children and unauthorized users.
- Regularly inspect the sights for any signs of damage or wear before use.
- If you notice any irregularities, do not use the product and contact a qualified gunsmith.

Specific Safety Precautions for Use

- Always ensure your firearm is unloaded before installing or adjusting the sights.
- Avoid using the sights in conditions where they may be damaged, such as extreme temperatures or exposure to moisture.
- Do not attempt to modify the sights beyond the minor modifications described in the installation instructions.
- Be aware of your surroundings when using your firearm, especially in lowlight conditions.
- Use proper eye protection when shooting to prevent injury from debris or recoil.

Instructions for Installation and Usage

Installation

1. Preparation:

- Gather necessary tools: a screwdriver and any other tools specified in the installation instructions.
- Ensure your firearm is unloaded and pointed in a safe direction.

2. Removal of Existing Sights:

- Carefully remove the existing front and rear sights from your Glock using the appropriate tools.

3. Installation of Tru Dot Sights:

- Align the Tru Dot sights with the mounting points on your Glock.
- Securely fasten the sights in place, ensuring they are properly aligned for optimal accuracy.
- Make sure the sights are firmly attached and do not wobble.

4. Final Check:

- Perform a visual inspection to ensure proper installation.
- Test the sights in a safe environment to confirm functionality.

Usage

- When aiming, focus on the three solid dots provided by the Tru Dot system for improved accuracy.
- Practice using the sights in both daylight and lowlight conditions to become familiar with their functionality.
- Regularly clean the sights to maintain visibility and performance.

Disposal Instructions

- When disposing of the Tru Dot sights, follow local regulations regarding electronic waste and hazardous materials.
- If the product is damaged or no longer usable, ensure it is disposed of in a manner that does not pose a risk to the environment.

Contact Information for Further Support

For any inquiries or concerns regarding the Tru Dot FIXED PISTOL SET, please refer to the manufacturer's website or contact your local dealer for assistance.

By following these safety instructions, you can ensure the safe and effective use of your Tru Dot FIXED PISTOL SET. Always prioritize safety and responsible firearm handling.
