[Handgun Parts](#) > [Sights](#) > [Sight Sets](#)

MEPROLIGHT® combat-proven self-illuminated night sights enable you to upgrade your capabilities to hit stationary or moving targets under low-light conditions with dramatically increased hit probability. Test results by marksmen and journeymen level shooters have shown an increase of over 85% in hit efficiency, using Meprolight® self-illuminated day/night sights. TRU-DOT® models offer a handgun sighting system for improved rapid instinctive aiming which requires no transition from day to night use. Day and night, the shooter's aiming reference is three solid dots, identical in appearance and location under all light conditions. Designed as replacement parts for the standard weapon sights, Meprolight's Self-Illuminated night sights can be mounted directly with minor modifications. Superior production methods and rigid quality control have made Meprolight® the first choice among law enforcement agencies, defense decision-makers, and major weapon manufacturers. A full quality program, certified to ISO-9001:2008 and complying with NATO and US Military Specifications is in place. All products and processes at Meprolight® are performed, controlled, and monitored to these demanding quality levels. Meprolight® leads the world in OEM and after-market self-illuminated sights for handguns. Designed to replace the existing front and rear sights, the highly visible Tru-Dot® sights are perfect for daylight, low-light, and nighttime conditions. Meprolight® is Responding to users needs, our TRU-DOT® models are available in various tritium dots color on the rear sight : Green, Yellow, Orange (Yellow or Orange for selected models only) and green tritium dot on the front sight .

Tru Dot FIXED PISTOL FRONT RUGER LCR, LCRX REVOLVER G Safety Instructions

Introduction

Congratulations on your purchase of the Tru Dot FIXED PISTOL FRONT SIGHT for the Ruger LCR and LCRX revolvers. This product is designed to enhance your shooting experience by providing improved sighting capabilities under various lighting conditions. To ensure your safety and the safety of others, please read and follow these safety instructions carefully.

General Safety Guidelines

- Always treat your firearm as if it is loaded.
- Keep your finger off the trigger until you are ready to shoot.
- Never point your firearm at anything you do not intend to shoot.
- Store your firearm and ammunition in a secure location, out of reach of children and unauthorized users.
- Be aware of your surroundings and ensure a safe environment when handling your firearm.
- Regularly inspect your firearm and its components for wear or damage.
- Always wear appropriate eye and ear protection when shooting.

Specific Safety Precautions for Use

- Ensure that the Tru Dot sights are properly installed before use.
- Use only compatible models as specified to avoid malfunction.
- Avoid using the firearm in poorly lit areas without proper training and experience.
- Be cautious when using the firearm in lowlight conditions; ensure you have a clear line of sight.
- If you notice any defects or malfunctions in the sighting system, cease use immediately and consult a qualified gunsmith.

Instructions for Installation and Usage

Installation

1. **Preparation:** Ensure your firearm is unloaded and secure.
2. **Remove Existing Sights:** Carefully remove the existing front and rear sights from your Ruger LCR or LCRX.
3. **Install Tru Dot Sights:**
 - Align the Tru Dot front sight with the mounting area on your firearm.
 - Secure it in place using the appropriate screws or mounting hardware.
 - Repeat the process for the rear sight, ensuring proper alignment.
4. **Check Alignment:** After installation, verify that the sights are properly aligned for accurate aiming.

Usage

- When aiming, focus on the three solid dots of the Tru Dot sighting system.
- Practice aiming in various lighting conditions to become familiar with the sighting system.
- Regularly check the sights for any signs of loosening or damage, particularly after extensive use.

Disposal Instructions

- Dispose of the Tru Dot sights and any packaging materials in accordance with local regulations.
- If the product is damaged or no longer functional, do not attempt to repair it. Dispose of it responsibly to prevent any potential hazards.

Contact Information for Further Support

For any inquiries regarding safety, installation, or usage of the Tru Dot FIXED PISTOL FRONT SIGHT, please refer to the official support channels provided by the manufacturer. It is important to have access to professional guidance for any concerns.

By following these safety instructions, you can ensure a safer shooting experience with your Tru Dot FIXED PISTOL FRONT SIGHT. Always prioritize safety and responsible firearm handling.
