[Handgun Parts](#) > [Sights](#) > [Sight Sets](#)

MEPROLIGHT® combat-proven self-illuminated night sights enable you to upgrade your capabilities to hit stationary or moving targets under low-light conditions with dramatically increased hit probability. Test results by marksmen and journeymen level shooters have shown an increase of over 85% in hit efficiency, using Meprolight® self-illuminated day/night sights. TRU-DOT® models offer a handgun sighting system for improved rapid instinctive aiming which requires no transition from day to night use. Day and night, the shooter's aiming reference is three solid dots, identical in appearance and location under all light conditions. Designed as replacement parts for the standard weapon sights, Meprolight's Self-Illuminated night sights can be mounted directly with minor modifications. Superior production methods and rigid quality control have made Meprolight® the first choice among law enforcement agencies, defense decision-makers, and major weapon manufacturers. A full quality program, certified to ISO-9001:2008 and complying with NATO and US Military Specifications is in place. All products and processes at Meprolight® are performed, controlled, and monitored to these demanding quality levels. Meprolight® leads the world in OEM and after-market self-illuminated sights for handguns. Designed to replace the existing front and rear sights, the highly visible Tru-Dot® sights are perfect for daylight, low-light, and nighttime conditions. Meprolight® is Responding to users needs, our TRU-DOT® models are available in various tritium dots color on the rear sight : Green, Yellow, Orange (Yellow or Orange for selected models only) and green tritium dot on the front sight .

# Tru Dot FIXED PISTOL SET S&W M&P FULL SIZE/COMPACT/SUB COMP G/G Safety Instruction Guide

## Introduction

Thank you for choosing the Tru Dot FIXED PISTOL SET for your Smith & Wesson M&P handgun. This guide provides essential safety instructions to ensure the safe use and maintenance of your night sights. Please read this guide thoroughly before using the product to maximize your safety and performance.

## General Safety Guidelines

- Ensure that all usage complies with local laws and regulations regarding firearms and accessories.
- Always treat firearms as if they are loaded, even when you believe they are not.
- Keep your firearm pointed in a safe direction at all times.
- Store your firearm securely and out of reach of children and unauthorized users.
- Regularly inspect your sights for any signs of damage or wear.
- Use only compatible ammunition with your firearm to prevent malfunctions.
- Always wear appropriate eye and ear protection when handling firearms.

## Specific Safety Precautions for Use

- Do not attempt to modify the Tru Dot sights or your firearm without professional assistance.
- Ensure that the sights are properly installed before use. Improper installation can lead to misalignment and increased risk of accidents.
- Be aware that lowlight conditions can affect visibility. Always practice in various light conditions to familiarize yourself with the sighting system.
- If you notice any unusual changes in the performance of your sights, cease use immediately and consult a qualified gunsmith.
- Keep your firearm clean and wellmaintained to ensure optimal performance of the Tru Dot sights.

## Instructions for Installation and Usage

### Installation

1. **Gather Tools:** Ensure you have the necessary tools, including a screwdriver and any other tools specified by the manufacturer.
2. **Remove Old Sights:** Carefully remove the existing front and rear sights from your firearm. Follow the manufacturer's instructions for your specific model.
3. **Install Tru Dot Sights:**
  - Align the Tru Dot front sight with the mounting area on the slide.
  - Secure the front sight using the appropriate screws, ensuring it is firmly in place.
  - Repeat the process for the rear sight, ensuring proper alignment and secure fitting.
4. **Check Alignment:** After installation, check the alignment of the sights. Make adjustments as necessary to ensure they are level and properly aligned.
5. **Test Functionality:** Before using your firearm, conduct a functionality test to ensure that the sights are operating correctly.

### Usage

- When aiming, focus on the three solid dots provided by the Tru Dot system. This will enhance your instinctive aiming capabilities.
- Practice regularly in both daylight and lowlight conditions to become proficient with the sighting system.

- Always ensure that your shooting environment is safe and that you have a clear understanding of your target and what lies beyond it.

## **Disposal Instructions**

- Dispose of any packaging materials in accordance with local waste disposal regulations.
- If the Tru Dot sights become damaged beyond repair, consult your local waste management guidelines for proper disposal methods.
- Do not dispose of the sights in regular household waste if they contain any hazardous materials. Contact local authorities for guidance on hazardous waste disposal.

## **Contact Information for Further Support**

For any questions or concerns regarding the Tru Dot FIXED PISTOL SET, please refer to the manufacturer's website or contact their customer service department for assistance. Ensure you have your product details on hand for a more efficient inquiry.

By following these guidelines, you can ensure a safe and effective experience with your Tru Dot FIXED PISTOL SET. Thank you for prioritizing safety and responsible firearm use.
