[Handgun Parts](#) > [Sights](#) > [Sight Sets](#)

MEPROLIGHT® combat-proven self-illuminated night Suppressor sights enable you to upgrade your capabilities to hit stationary or moving targets under low-light conditions with dramatically increased hit probability. Test results by marksmen and journeymen level shooters have shown an increase of over 85% in hit efficiency, using Meprolight® self-illuminated day/night sights. TRU-DOT® models offer a handgun sighting system for improved rapid instinctive aiming which requires no transition from day to night use. Day and night, the shooter's aiming reference is three solid dots, identical in appearance and location under all light conditions. Designed as replacement parts for the standard weapon sights, Meprolight's Self-Illuminated night sights can be mounted directly with minor modifications. Superior production methods and rigid quality control have made Meprolight® the first choice among law enforcement agencies, defense decision-makers, and major weapon manufacturers. A full quality program, certified to ISO-9001:2008 and complying with NATO and US Military Specifications is in place. All products and processes at Meprolight® are performed, controlled, and monitored to these demanding quality levels. Meprolight® leads the world in OEM and after-market self-illuminated sights for handguns. Designed to replace the existing front and rear sights, the highly visible Tru-Dot® sights are perfect for daylight, low-light, and nighttime conditions. Meprolight® is Responding to users' needs, our TRU-DOT® Suppressor is designed to fit suppressor-equipped handguns models and is available in various color combinations of tritium dots on the rear sight (green/orange/yellow for selected models) and green tritium dot on the front sight.

MEPRO Tru Dot SUPPRESSOR HIGHT SIGHTS

Safety Instruction Guide

Introduction

Thank you for choosing the MEPRO Tru Dot SUPPRESSOR HIGHT SIGHTS. This guide provides important safety instructions to ensure the safe use and installation of your new sights. Please read this guide carefully and keep it for future reference.

General Safety Guidelines

- Ensure that all safety guidelines are followed to prevent accidents and injuries.
- Use the sights only on compatible firearm models as specified in the product description.
- Always handle firearms with care and in accordance with standard firearm safety practices.
- Keep the sights out of reach of children and unauthorized users.
- Regularly inspect the sights for any signs of damage or wear. If any issues are found, discontinue use immediately.
- Report any unsafe products or accidents to the appropriate authorities.

Specific Safety Precautions for Use

- Always ensure that your firearm is unloaded before installing or adjusting the sights.
- Do not attempt to modify the sights beyond the recommended installation instructions.
- Use the sights only in conditions for which they are designed (daylight, lowlight, and nighttime).
- Be aware of your surroundings and ensure a safe shooting environment.
- If you are inexperienced with firearms, seek training from a qualified instructor before use.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools for installation, including a screwdriver and any other required equipment.
- Ensure the firearm is unloaded and pointed in a safe direction.

2. Installation:

- Remove the existing front and rear sights from the firearm.
- Align the new TruDot sights with the mounting points on the firearm.
- Securely attach the new sights using the provided screws, ensuring they are tightened appropriately without overtightening.
- Verify that the sights are aligned properly before use.

3. Usage:

- Familiarize yourself with the sighting system. The TruDot models feature three solid dots for aiming.
- Practice using the sights in various lighting conditions to become accustomed to their performance.
- Regularly check the sights for stability and alignment during use.

Disposal Instructions

- Dispose of any damaged or unused sights in accordance with local regulations.
- Do not discard sights in regular household waste. Instead, follow local electronic waste disposal guidelines if applicable.

Contact Information for Further Support

For any inquiries or support related to the MEPRO Tru Dot SUPPRESSOR HIGHT SIGHTS, please consult the manufacturer or authorized dealer directly. Ensure that you have the product details available for reference.

By following these safety instructions, you can enjoy the enhanced capabilities of your MEPRO Tru Dot SUPPRESSOR HIGHT SIGHTS while ensuring your safety and that of others. Thank you for your attention to these important guidelines.
