[Handgun Parts](#) > [Sights](#) > [Sight Sets](#)

MEPROLIGHT® combat-proven self-illuminated night sights enable you to upgrade your capabilities to hit stationary or moving targets under low-light conditions with dramatically increased hit probability. Test results by marksmen and journeymen level shooters have shown an increase of over 85% in hit efficiency, using Meprolight® self-illuminated day/night sights. TRU-DOT® models offer a handgun sighting system for improved rapid instinctive aiming which requires no transition from day to night use. Day and night, the shooter's aiming reference is three solid dots, identical in appearance and location under all light conditions. Designed as replacement parts for the standard weapon sights, Meprolight's Self-Illuminated night sights can be mounted directly with minor modifications. Superior production methods and rigid quality control have made Meprolight® the first choice among law enforcement agencies, defense decision-makers, and major weapon manufacturers. A full quality program, certified to ISO-9001:2008 and complying with NATO and US Military Specifications is in place. All products and processes at Meprolight® are performed, controlled, and monitored to these demanding quality levels. Meprolight® leads the world in OEM and after-market self-illuminated sights for handguns. Designed to replace the existing front and rear sights, the highly visible Tru-Dot® sights are perfect for daylight, low-light, and nighttime conditions. Meprolight® is Responding to users' needs, our Mepro Tru-Dot® R4E models are available in various tritium color combinations of green and orange (3 lines on the rear sight and 1 dot on the front sight) with colored white line on the front sight below the dot.

# Tru Dot R4E PISTOL SET GLOCK ALL MODELS

## Safety Instruction Guide

### Introduction

Thank you for choosing the Tru Dot R4E PISTOL SET for GLOCK ALL MODELS by MEPROLIGHT. This product is designed to enhance your shooting accuracy in various lighting conditions. It is essential to follow safety guidelines to ensure safe and effective use. This guide provides important safety information, installation instructions, and disposal guidelines to comply with the EU General Product Safety Regulation (GPSR).

### General Safety Guidelines

- Always treat every firearm as if it is loaded.
- Ensure that the firearm is pointed in a safe direction at all times.
- Keep your finger off the trigger until you are ready to shoot.
- Store the firearm and ammunition separately, in a secure location away from children and unauthorized users.
- Regularly inspect your sights for any damage or wear.
- Do not use the product if you notice any defects or if it has been modified without authorization.
- Follow all local laws and regulations regarding firearm use and modifications.

### Specific Safety Precautions for Use

- **Age Restrictions:** This product is intended for use by individuals aged 18 and older. Ensure that all users are adequately trained in firearm safety.
- **Installation Precautions:** Only install the Tru Dot R4E sights on compatible GLOCK models. Improper installation may cause malfunction or injury.
- **Night Use:** The selfilluminated feature is designed for lowlight conditions. Do not rely solely on the sights for visibility in complete darkness.
- **Environmental Conditions:** Avoid exposing the sights to extreme temperatures or harsh chemicals, which may affect their performance.
- **Training:** Familiarize yourself with the sighting system before use. Practice in safe and controlled environments.

### Instructions for Installation and Usage

#### Installation Instructions

1. **Gather Tools:** Ensure you have the necessary tools for installation, including a screwdriver suitable for your GLOCK model.
2. **Unload Firearm:** Before beginning installation, ensure the firearm is completely unloaded.
3. **Remove Existing Sights:**
  - Carefully remove the existing front and rear sights using the appropriate screwdriver.
  - Store the removed sights safely if you plan to reinstall them later.
4. **Install Tru Dot R4E Sights:**
  - Position the front sight in its designated slot and secure it using the provided screw.
  - Align the rear sight with the mounting slot and secure it in place.
5. **Check Alignment:** After installation, visually inspect the alignment of the sights. Adjust if necessary.
6. **Test Functionality:** Conduct a dry fire test to ensure the sights are functioning correctly before live use.

#### Usage Instructions

- **Aiming:** Use the threedot system for aiming. The dots should be aligned vertically for accurate targeting.
- **LowLight Conditions:** In lowlight situations, rely on the selfilluminated feature of the sights to enhance

visibility.

- **Regular Practice:** Regularly practice aiming and shooting with the installed sights to become familiar with their operation.

## Disposal Instructions

- Dispose of the Tru Dot R4E sights in accordance with local regulations regarding electronic waste and firearm accessories.
- Do not dispose of the product in regular household waste. Check for designated disposal sites for hazardous materials.

## Contact Information for Further Support

For inquiries regarding product safety, installation, or usage, please contact the manufacturer or your local distributor. Ensure you have your product details and any relevant information ready for efficient assistance.

By adhering to these guidelines, you can ensure the safe and effective use of your Tru Dot R4E PISTOL SET. Always prioritize safety and responsibility when handling firearms. Thank you for your attention to these important safety practices.
