[Handgun Parts](#) > [Sights](#) > [Sight Sets](#)

MEPROLIGHT® combat-proven self-illuminated night sights enable you to upgrade your capabilities to hit stationary or moving targets under low-light conditions with dramatically increased hit probability. Test results by marksmen and journeymen level shooters have shown an increase of over 85% in hit efficiency, using Meprolight® self-illuminated day/night sights. TRU-DOT® models offer a handgun sighting system for improved rapid instinctive aiming which requires no transition from day to night use. Day and night, the shooter's aiming reference is three solid dots, identical in appearance and location under all light conditions. Designed as replacement parts for the standard weapon sights, Meprolight's Self-Illuminated night sights can be mounted directly with minor modifications. Superior production methods and rigid quality control have made Meprolight® the first choice among law enforcement agencies, defense decision-makers, and major weapon manufacturers. A full quality program, certified to ISO-9001:2008 and complying with NATO and US Military Specifications is in place. All products and processes at Meprolight® are performed, controlled, and monitored to these demanding quality levels. Meprolight® leads the world in OEM and after-market self-illuminated sights for handguns. Designed to replace the existing front and rear sights, the highly visible Tru-Dot® sights are perfect for daylight, low-light, and nighttime conditions. Meprolight® is Responding to users' needs, our Mepro Tru-Dot® R4E models are available in various tritium color combinations of green and orange (3 lines on the rear sight and 1 dot on the front sight) with colored white line on the front sight below the dot.

Tru Dot R4E PISTOL SET H&K Safety Instructions

Introduction

Thank you for choosing the Tru Dot R4E Pistol Set H&K. This product is designed to enhance your shooting experience with combatproven selfilluminated night sights. To ensure safe and effective use of this product, please read and follow the safety instructions outlined in this guide.

General Safety Guidelines

- Always treat every firearm as if it is loaded.
- Keep the firearm pointed in a safe direction at all times.
- Store the firearm and ammunition separately and securely.
- Ensure that you are familiar with the laws and regulations regarding firearms in your area.
- Use only the correct ammunition specified for your firearm.
- Regularly inspect your firearm and sights for any signs of wear or damage.
- Do not modify your firearm or sights in any way that could compromise safety.
- Be aware of your surroundings when using your firearm, especially in lowlight conditions.

Specific Safety Precautions for Use

- Use the Tru Dot R4E sights only on compatible H&K models (VP9, SFP9, 45, 45C, P30).
- Ensure that the sights are properly installed before using the firearm.
- Be cautious when using the firearm in lowlight conditions; practice aiming with the sights in various lighting scenarios.
- Do not rely solely on the selfilluminated features in complete darkness; always maintain awareness of your environment.
- Keep the sights clean and free from obstructions to ensure optimal performance.
- If you notice any malfunction or irregularity with the sights, cease use immediately and consult a qualified gunsmith.

Instructions for Installation and Usage

Installation

1. **Preparation:** Ensure the firearm is unloaded and pointed in a safe direction.
2. **Remove Existing Sights:** Carefully remove the existing front and rear sights from your H&K model.
3. **Install Tru Dot R4E Sights:**
 - Align the rear sight with the dovetail cut on the slide and press it into place.
 - Repeat the process for the front sight, ensuring it is securely fitted.
4. **Check Alignment:** Confirm that both sights are aligned correctly and are secure.
5. **Test Functionality:** Before using the firearm, verify that the sights function correctly by aiming in various lighting conditions.

Usage

- When aiming, align the three solid dots of the Tru Dot R4E sights to achieve accurate targeting.
- Practice regularly to become familiar with the sighting system and improve your shooting accuracy.
- Always follow safe handling practices while using your firearm.

Disposal Instructions

When it comes time to dispose of your Tru Dot R4E sights:

- Follow local regulations regarding the disposal of firearm accessories.
- Check if there are any specific disposal programs in your area for hazardous materials.
- If the sights are damaged or defective, do not attempt to repair them; dispose of them responsibly.

Contact Information for Further Support

For safety inquiries or further assistance regarding the Tru Dot R4E Pistol Set H&K, please refer to the product packaging or visit the manufacturer's website for more information.

By following these safety instructions, you can ensure a safe and enjoyable experience with your Tru Dot R4E Pistol Set H&K. Thank you for your attention to safety.
