

# MEPRO Tru Dot ADJUSTABLE SIGHTS - Tru Dot ADJ. PISTOL SET RUGER GP100,SUPER RED HAWK G/G

[Handgun Parts](#) > [Sights](#) > [Sight Sets](#)

MEPROLIGHT® combat-proven self-illuminated adjustable night sights enable you to upgrade your capabilities to hit stationary or moving targets under low-light conditions with dramatically increased hit probability. Test results by marksmen and journeymen level shooters have shown an increase of over 85% in hit efficiency, using Meprolight® self-illuminated adjustable day/night sights. TRU-DOT® adjustable models offer a handgun sighting system for improved rapid instinctive aiming which requires no transition from day to night use. Day and night, the shooter's aiming reference is three solid dots, identical in appearance and location under all light conditions. Designed as replacement parts for the standard weapon sights, Meprolight's Self-Illuminated adjustable night sights can be mounted directly with minor modifications. Superior production methods and rigid quality control have made Meprolight® the first choice among law enforcement agencies, defense decision-makers, and major weapon manufacturers. A full quality program, certified to ISO-9001:2008 and complying with NATO and US Military Specifications is in place. All products and processes at Meprolight® are performed, controlled, and monitored to these demanding quality levels. Meprolight® leads the world in OEM and after-market self-illuminated sights for handguns. Designed to replace the existing front and rear sights, the highly visible Tru-Dot® adjustable sights are perfect for daylight, low-light, and nighttime conditions.

# MEPRO Tru Dot Adjustable Sights Safety Instruction Guide

## Introduction

Thank you for choosing the MEPRO Tru Dot Adjustable Sights for your Ruger GP100 or Super Red Hawk. These sights are designed to enhance your shooting experience, particularly in lowlight conditions. To ensure your safety and the effective use of this product, please read and follow the safety instructions outlined in this guide.

## General Safety Guidelines

- Ensure safe handling of the firearm at all times.
- Always treat every firearm as if it is loaded.
- Keep the firearm pointed in a safe direction.
- Store your firearm and sights securely, away from children and unauthorized users.
- Be aware of your surroundings and ensure a clear line of sight when aiming.
- Regularly inspect your sights for any signs of damage or wear.
- Report any unsafe products or accidents to the relevant authorities.

## Specific Safety Precautions for Use

- Always wear appropriate eye protection when using firearms.
- Use only compatible firearms for installation of the sights.
- Ensure the firearm is unloaded before installation or adjustment of the sights.
- Avoid using the sights in conditions that may impair visibility, such as fog or heavy rain.
- Do not attempt to modify the sights beyond the manufacturer's specifications.
- Use the sights only for their intended purpose—aiming at targets.
- Be cautious when transitioning from day to night use; ensure proper visibility.

## Instructions for Installation and Usage

### Installation Instructions

#### 1. Preparation:

- Ensure the firearm is unloaded.
- Gather necessary tools for installation (if required).

#### 2. Remove Existing Sights:

- Carefully remove the standard weapon sights from your Ruger GP100 or Super Red Hawk.

#### 3. Mounting the Tru Dot Adjustable Sights:

- Align the Tru Dot sights with the mounting points on the firearm.
- Securely attach the sights, ensuring they are fitted tightly and correctly.
- Minor modifications may be required; follow the manufacturer's guidance.

#### 4. Final Check:

- Doublecheck that the sights are securely installed.
- Inspect for any movement or instability.

## Usage Instructions

- **Aiming:**
  - Use the three solid dots as your aiming reference.
  - Practice aiming in various lighting conditions to familiarize yourself with the sighting system.
- **Transitioning from Day to Night:**
  - The sights are designed for seamless transition; however, always verify visibility before use.
- **Regular Maintenance:**
  - Clean the sights regularly to maintain optimal performance.
  - Check for any signs of wear or damage before each use.

## Disposal Instructions

- Dispose of any damaged or nonfunctional sights in accordance with local regulations.
- Recycle packaging materials where possible.
- Ensure that any components are disposed of safely to prevent environmental harm.

## Contact Information for Further Support

For additional assistance or inquiries regarding your MEPRO Tru Dot Adjustable Sights, please refer to the official support channels provided by the manufacturer.

By following these safety instructions, you will enhance your shooting experience while ensuring safety for yourself and those around you. Thank you for your attention to these important guidelines.
