

MEPRO Tru Dot ADJUSTABLE SIGHTS - Tru Dot ADJ. PISTOL SET S&W K,L,N REV. G/G

[Handgun Parts](#) > [Sights](#) > [Sight Sets](#)

MEPROLIGHT® combat-proven self-illuminated adjustable night sights enable you to upgrade your capabilities to hit stationary or moving targets under low-light conditions with dramatically increased hit probability. Test results by marksmen and journeymen level shooters have shown an increase of over 85% in hit efficiency, using Meprolight® self-illuminated adjustable day/night sights. TRU-DOT® adjustable models offer a handgun sighting system for improved rapid instinctive aiming which requires no transition from day to night use. Day and night, the shooter's aiming reference is three solid dots, identical in appearance and location under all light conditions. Designed as replacement parts for the standard weapon sights, Meprolight's Self-Illuminated adjustable night sights can be mounted directly with minor modifications. Superior production methods and rigid quality control have made Meprolight® the first choice among law enforcement agencies, defense decision-makers, and major weapon manufacturers. A full quality program, certified to ISO-9001:2008 and complying with NATO and US Military Specifications is in place. All products and processes at Meprolight® are performed, controlled, and monitored to these demanding quality levels. Meprolight® leads the world in OEM and after-market self-illuminated sights for handguns. Designed to replace the existing front and rear sights, the highly visible Tru-Dot® adjustable sights are perfect for daylight, low-light, and nighttime conditions.

MEPRO Tru Dot Adjustable Sights Safety Instruction Guide

Introduction

Thank you for choosing the MEPRO Tru Dot Adjustable Sights. These combatproven, selfilluminated sights are designed to enhance your shooting experience under various lighting conditions. This safety instruction guide provides essential information to ensure the safe and effective use of your new sights, in compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

To ensure your safety and the safety of others, please follow these general safety guidelines:

- Always treat your firearm as if it is loaded.
- Ensure that your firearm is pointed in a safe direction at all times.
- Keep your finger off the trigger until you are ready to shoot.
- Be aware of your target and what lies beyond it.
- Use eye and ear protection while shooting.
- Regularly inspect your sights for any signs of damage or wear.
- If you notice any defects or issues, discontinue use and seek professional assistance.

Specific Safety Precautions for Use

When using the MEPRO Tru Dot Adjustable Sights, please observe the following precautions:

- **Installation:** Ensure that the sights are installed correctly to avoid misalignment.
- **Adjustment:** Make adjustments only when the firearm is not loaded and pointed in a safe direction.
- **LowLight Conditions:** While the sights are designed for lowlight use, always be cautious and aware of your surroundings.
- **Children and Vulnerable Groups:** Keep the sights and all firearms out of reach of children and ensure that they are used only by responsible individuals.

Instructions for Installation and Usage

Follow these steps for proper installation and usage of your MEPRO Tru Dot Adjustable Sights:

Installation

1. **Gather Tools:** You will need a screwdriver and any specific tools required for your firearm model.
2. **Remove Old Sights:** Carefully remove the existing front and rear sights from your firearm.
3. **Mount New Sights:** Align the MEPRO Tru Dot Adjustable Sights with the mounting points on your firearm. Ensure they are securely in place.
4. **Tighten Screws:** Use the screwdriver to tighten the screws, ensuring a snug fit without overtightening.
5. **Check Alignment:** Verify that the sights are aligned properly before use.

Usage

1. **Aiming:** Use the three solid dots as your aiming reference. These dots are designed to be visible under all light conditions.
2. **Practice:** Familiarize yourself with the sighting system by practicing in both daylight and lowlight conditions.
3. **Maintenance:** Regularly clean the sights with a soft cloth to maintain visibility and function.

Disposal Instructions

When it is time to dispose of your MEPRO Tru Dot Adjustable Sights, follow these guidelines:

- Do not dispose of the sights in regular household waste.
- Check local regulations for proper disposal methods for firearm accessories.
- If applicable, return the product to the manufacturer for proper disposal.

Contact Information for Further Support

For any questions or concerns regarding your MEPRO Tru Dot Adjustable Sights, please refer to the contact information provided with your product packaging or on the manufacturer's website.

Conclusion

By following these safety instructions, you can ensure the safe and effective use of your MEPRO Tru Dot Adjustable Sights. Always prioritize safety and responsibility when handling firearms. Thank you for your attention to these guidelines and for choosing MEPRO products.
