

HYPER BRIGHT FIXED PISTOL SET CZ - HYPER BRIGHT FIXED PISTOL SET CZ P10 G RING/G

[Handgun Parts](#) > [Sights](#) > [Sight Sets](#)

A total eclipse of conventional brightness. It's the world's brightest handgun sight in any light, with tritium specially formulated to give you industry-first brilliance from broad daylight to midnight. These self-illuminated, fixed tritium sights feature an extremely bright colored ring front sight in your choice of green, yellow, or orange, delivering supreme visibility as a night sight or day-night sight. Contrasting front and rear sight colors help shooters focus on the front sight quicker for faster target acquisition in all lighting conditions. Because you can't predict when everything will depend on your sight's visibility, you can count on Hyper-Bright™. Every time. HYPER-BRIGHT CONCEPT: The MEPRO Hyper-Bright™ fixed Day and Night Sights offer the most reliable illumination for day or night. Mepro Hyper-Bright™ fixed sights feature an extremely bright fluorescent contrast colored ring in green or orange for fast target acquisition in the daytime. The yellow ring option is the sole option with phosphorescent paint that charges with light and glows in lowlight conditions for a short time in conjunction with the tritium. As a result, both rear and front tritium sources appear green in lowlight and nighttime. ALWAYS ON: Premium grade green Swiss-made Tritium vials in the front and rear sights allow for low light and nighttime conditions. The U-notch shape on the rear naturally directs your eyes to the top of the Front sight. No batteries, no switches – always on, always ready 24/7 for 12 years. Maintenance-free can be mounted directly with no modifications. Direct factory replacement, recommend replacing as a set. HIGH DURABILITY: The MEPRO HYPER-BRIGHT™ are drop- and shockproof, built for endless rounds under heavy recoil, and made of steel. Its ultralight, snag-free design is easy to draw and gives you instinctive aiming under pressure. In addition, these sights are reliable in any weather conditions.

Safety Instruction Guide for HYPER BRIGHT FIXED PISTOL SET CZ

Introduction

Thank you for choosing the HYPER BRIGHT FIXED PISTOL SET CZ. This guide provides essential safety instructions to ensure the safe and effective use of your handgun sights. Please read this guide thoroughly before using the product.

General Safety Guidelines

- Ensure safe use of the product by following all instructions provided in this guide.
- Always handle firearms responsibly and in accordance with local laws and regulations.
- Be aware of potential hazards associated with the use of firearm sights, including visibility in various lighting conditions.
- Regularly check for product recalls and updates through the EU's Safety Gate platform.
- If you encounter any unsafe products or accidents, report them to the relevant authorities.

Specific Safety Precautions for Use

- **Proper Handling:** Always treat your firearm as if it is loaded. Keep the muzzle pointed in a safe direction.
- **Visibility:** Ensure that the sights are clean and unobstructed for optimal visibility. The colored rings are designed to improve your ability to acquire targets quickly.
- **Environmental Conditions:** Be aware that weather conditions can affect sight performance. The HYPER BRIGHT sights are designed for reliability in various conditions, but always inspect them before use.
- **Age Restrictions:** This product is intended for use by individuals who are legally permitted to handle firearms. Ensure that minors are supervised when using firearms equipped with these sights.

Instructions for Installation and Usage

Installation

1. **Preparation:** Ensure that the firearm is unloaded and pointed in a safe direction.
2. **Remove Old Sights:** If applicable, carefully remove the existing sights from your firearm according to the manufacturer's instructions.
3. **Install New Sights:**
 - Align the new HYPER BRIGHT sights with the mounting points on your firearm.
 - Securely fasten the sights using the appropriate tools, ensuring they are tight but not overtightened.
4. **Check Alignment:** After installation, check the alignment of the sights to ensure they are properly positioned.

Usage

- **Daylight Use:** The bright colored ring front sight (available in green, yellow, or orange) enhances visibility during the day. Choose the color that provides the best contrast against your target.
- **Low Light Use:** The tritium in the sights ensures visibility in low light conditions. The yellow ring option provides additional visibility by glowing in low light after being charged with light.
- **Target Acquisition:** Use the contrasting colors of the front and rear sights to improve focus and speed in target acquisition.
- **Maintenance:** These sights are maintenance-free. However, periodically check for any signs of damage or wear.

Disposal Instructions

- Dispose of the product in accordance with local regulations for electronic waste and hazardous materials.
- Do not attempt to disassemble the tritium vials or any other components of the sights.

Contact Information for Further Support

For further assistance or inquiries regarding the HYPER BRIGHT FIXED PISTOL SET CZ, please consult the manufacturer's website or customer service resources provided at the time of purchase.

By adhering to these safety guidelines and instructions, you can ensure a safe and effective experience with your HYPER BRIGHT FIXED PISTOL SET CZ. Thank you for your commitment to safety.
