MEPROLIGHT® combat-proven self-illuminated night sights enable you to upgrade your capabilities to hit stationary or moving targets under low-light conditions with dramatically increased hit probability. Test results by marksmen and journeymen level shooters have shown an increase of over 85% in hit efficiency, using Meprolight® self-illuminated day/night sights. Designed as replacement parts for the standard weapon sights, Meprolight's Self-Illuminated night sights can be mounted directly with minor modifications. Superior production methods and rigid quality control have made Meprolight® the first choice among law enforcement agencies, defense decision-makers, and major weapon manufacturers. A full quality program, certified to ISO-9001:2008 and complying with NATO and US Military Specifications is in place. All products and processes at Meprolight® are performed, controlled, and monitored to these demanding quality levels.

# Tru Dot FIXED SHOTGUN SET BENELLI SCREW

## Safety Instruction Guide

### Introduction

Thank you for choosing the Tru Dot FIXED SHOTGUN SET for your Benelli M1S90 and M4 (Post 2001) models. This product is designed to enhance your shooting accuracy in lowlight conditions. Please read this safety instruction guide carefully to ensure safe and effective use of the product.

### General Safety Guidelines

- Always handle firearms and accessories with care, treating them as if they are loaded at all times.
- Ensure that you are familiar with the operating manual of your shotgun before installing or using this sight set.
- Use the product only for its intended purpose as specified by the manufacturer.
- Keep the product out of reach of children and unauthorized users.
- Regularly inspect the sight set for wear or damage before use.
- Follow all applicable laws and regulations regarding firearms and accessories in your area.

### Specific Safety Precautions for Use

- When using the Tru Dot sights, be aware of your surroundings and ensure a safe shooting environment.
- Avoid using the sights in adverse weather conditions (e.g., heavy rain, fog) that may impair visibility.
- Do not modify the sight set beyond the manufacturer's specifications as this may affect safety and performance.
- Ensure that the sight is securely mounted before each use to prevent accidents.
- If you experience any malfunctions or issues with the sight, cease use immediately and consult a qualified technician.

### Instructions for Installation and Usage

#### Installation

1. Ensure your shotgun is unloaded and pointed in a safe direction.
2. Remove the existing sights from your shotgun according to the manufacturer's instructions.
3. Align the Tru Dot sight set with the mounting holes on your shotgun.
4. Secure the sight in place using the provided screws, ensuring a tight fit.
5. Make minor adjustments as necessary to align the sight with your shooting line.

#### Usage

- To utilize the selfilluminated feature, ensure that the sight is exposed to ambient light for optimal performance.
- Practice shooting in varying light conditions to become familiar with the sight's capabilities.
- Always wear appropriate eye and ear protection while shooting.

### Disposal Instructions

- Dispose of the product in accordance with local regulations.
- Do not dispose of the product in regular household waste.
- Contact local waste management authorities for information on proper disposal methods.

## **Contact Information for Further Support**

For safety inquiries or further support regarding the Tru Dot FIXED SHOTGUN SET, please consult the manufacturer's website or customer service resources.

## **Conclusion**

By following these safety instructions, you can ensure a safe and effective experience with your Tru Dot FIXED SHOTGUN SET. Always prioritize safety when handling firearms and accessories. Thank you for choosing Tru Dot.
