## Introduction

Thank you for choosing the Tru Dot Fixed Shotgun Set for your Benelli M2, Nova, or S.Nova (Post 2001) firearm. This product is designed to enhance your shooting experience with selfilluminated night sights that improve target acquisition in lowlight conditions. To ensure your safety and the proper use of this product, please read and follow the safety instructions outlined in this guide.

## General Safety Guidelines

- Always treat your firearm as if it is loaded.
- Keep your firearm pointed in a safe direction at all times.
- Store your firearm and ammunition separately and securely.
- Ensure that the Tru Dot sights are properly installed and checked before use.
- Regularly inspect your firearm and accessories for any signs of wear or damage.
- Follow all local laws and regulations regarding firearm ownership and use.
- Use appropriate eye and ear protection while shooting.
- Be aware of your surroundings and ensure a clear shooting area.

## Specific Safety Precautions for Use

- The Tru Dot sights are designed to improve accuracy; however, they do not replace safe shooting practices.
- Do not attempt to modify or alter the sights beyond the recommended installation instructions.
- Ensure that the sights are compatible with your specific model of firearm before installation.
- Avoid using the firearm in conditions where visibility is severely limited beyond what the Tru Dot sights can assist with.
- If you experience any malfunction or issues with the sights, cease use immediately and consult a qualified gunsmith.
