The rifle (system) and scope shown in the picture are not for sale and are not included. Only the chassis is included in the delivery.

Our ORYX Sportsman Chassis was designed to be the best aftermarket approach to shooting a precision rifle. The V-shaped bedding and free floated forend was engineered to improve accuracy and ergonomics. This solid aluminum chassis excels in performance over your factory stock to maximize your rifle's capabilities. When you get behind this chassis and take up a sight picture you will feel a more solid connection between you and your rifle. The adjustable buttstock allows you to tailor a much better fit for accuracy and speed when getting behind your scope. It takes AR15 grips, ARCA rails, M-Lok accessories and has customizable colors. It's designed as an excellent upgrade for shooting matches, hog or coyote hunting, or anyone interested in getting into long-range shooting.
