The rifle (system) and scope shown in the picture are not for sale and are not included. Only the chassis is included in the delivery.

Our ORYX Sportsman Chassis was designed to be the best aftermarket approach to shooting a precision rifle. The V-shaped bedding and free floated forend was engineered to improve accuracy and ergonomics. This solid aluminum chassis excels in performance over your factory stock to maximize your rifle's capabilities. When you get behind this chassis and take up a sight picture you will feel a more solid connection between you and your rifle. The adjustable buttstock allows you to tailor a much better fit for accuracy and speed when getting behind your scope. It takes AR15 grips, ARCA rails, M-Lok accessories and has customizable colors. It's designed as an excellent upgrade for shooting matches, hog or coyote hunting, or anyone interested in getting into long-range shooting.

Safety Instruction Guide

Introduction

Thank you for choosing the Oryx Chassis Sportsman for your Remington 783 rifle. This guide provides essential safety instructions and guidelines to ensure the safe and effective use of your product. Please read this document thoroughly before installation and use.

General Safety Guidelines

- Ensure that you are familiar with the operation and handling of firearms before using the Oryx Chassis.
- Always treat your firearm as if it is loaded, even if you believe it is not.
- Keep the chassis and firearm out of reach of children and unauthorized users.
- Regularly inspect the chassis for any signs of wear or damage before each use.
- Follow all local laws and regulations regarding firearm ownership and use.

Specific Safety Precautions for Use

- Always wear appropriate eye and ear protection when shooting.
- Ensure that the area around you is safe and clear of people and animals before firing your rifle.
- Do not use the chassis if it has been modified or damaged in any way.
- Be cautious when adjusting the buttstock and grips to avoid injury.
- Do not exceed the manufacturer's specifications for firearm and ammunition compatibility with the chassis.

Instructions for Installation and Usage

1. Installation of the Oryx Chassis:

- Ensure that your Remington 783 rifle is unloaded and pointed in a safe direction.
- Remove the factory stock from your rifle according to the manufacturer's instructions.
- Align the action of your rifle with the Vshaped bedding of the Oryx Chassis.
- Secure the action in place using the provided screws and tools, ensuring a snug fit without overtightening.
- Attach the adjustable buttstock according to the manufacturer's instructions for a proper fit.

2. Usage of the Oryx Chassis:

- Familiarize yourself with the adjustable features of the chassis, including the buttstock and grip options.
- When shooting, ensure that the chassis is securely held and that you have a stable shooting position.
- Regularly check and adjust the fit of the buttstock and grips for optimal comfort and accuracy.
- Clean the chassis regularly to maintain its performance and appearance.

Disposal Instructions

- Dispose of the Oryx Chassis responsibly at a designated waste facility or recycling center.
- Do not dispose of the chassis in regular household waste.
- Follow local regulations for the disposal of aluminum and other materials used in the chassis.

Contact Information for Further Support

For any questions or concerns regarding the use of the Oryx Chassis, please refer to the manufacturer's contact details provided in the product packaging or on the official website.

By following these guidelines, you can ensure a safe and enjoyable experience with your Oryx Chassis. Thank you for your attention to safety.
