

# AR-9 - Single-Stage Black Competitive Flat

[Rifle Parts](#) > [Triggers Parts](#) > [Triggers](#)

The TriggerTech AR9 Single-Stage drop-in AR trigger provides a true zero-creep break, extremely short overtravel, a sub 0.030" tactical reset and offers outstanding reliability, even in the harshest environments.

Utilizing CLKR Technology™, the pull weight is quickly and confidently be adjusted in 2oz increments from a set screw with the trigger installed.

Due to there being truly zero creep, most shooters report the pull weights feeling ~0.5lbs lighter than a friction based trigger of the same measured pull weight.

NO IMAGE  
AVAILABLE

Changing the triggers pull weight does not affect hammer force so you get dependable primer strikes at every weight. Zero Creep Technology™, along with hardened 440C stainless steel internal components ensure corrosion resistance and an extended service life.

As Zero Creep Technology™ does not rely on coating, polishing or lubricating the key engagement surfaces, trigger pulls will be more consistent from shot to shot and after thousands of shots than you ever thought possible.

All pull weights and measurements are approximate.

The installation guide is directed to experienced professional gunsmiths who understand the workings of their AR rifle and know how to fully detail strip the lower receiver. If you do not have these skills, we strongly suggest you retain the services of a competent professional gunsmith to install your trigger, and perform all important safety checks.

## Attributes

- Name: [AR-9 - Single-Stage Black Competitive Flat](#)
- Manufacturer: [Triggertech](#)
- Product no.: EU2010934
- Mfr. No.: AR9-SBB-33-NNF
- Style: Flat
- Weapon type: AR-15
- Delivery weight: 0.13kg
- Shipping height: 38mm
- Shipping width: 114mm
- Shipping length: 140mm
- UPC: 885768003407

# Safety Instruction Guide for the TriggerTech AR9 SingleStage Trigger

## Introduction

Thank you for choosing the TriggerTech AR9 SingleStage Trigger. This guide provides important safety instructions and guidelines to ensure the safe use and installation of your trigger. Please read this document carefully before use.

## General Safety Guidelines

- Ensure safe use of the TriggerTech AR9 SingleStage Trigger by following all instructions.
- Understand that this product is designed for AR15 platform rifles and should only be used in that context.
- Be aware of potential hazards associated with the use of firearms and firearm components.
- Always treat every firearm as if it is loaded.
- Keep firearms out of reach of children and unauthorized users.
- Use appropriate safety gear, such as eye and ear protection, when handling firearms.

## Specific Safety Precautions for Use

- Only use the TriggerTech AR9 trigger in firearms for which it is designed.
- Ensure that the firearm is unloaded before installation or maintenance.
- Verify that all tools and equipment used during installation are in good working condition.
- Follow all local laws and regulations regarding firearm modifications.
- Do not modify the trigger or any of its components.
- If you experience any issues with the trigger, do not attempt to repair it yourself. Contact a qualified gunsmith.
- Always perform a function check after installation to ensure the trigger operates correctly.

## Instructions for Installation and Usage

### Installation

- The installation of the TriggerTech AR9 SingleStage Trigger should only be performed by experienced professional gunsmiths.
- Ensure the firearm is completely unloaded before beginning installation.
- Follow these steps for installation:
  1. Remove the lower receiver from the upper receiver of the AR15 platform rifle.
  2. Disassemble the lower receiver completely.
  3. Remove the existing trigger and hammer components.
  4. Install the TriggerTech AR9 trigger according to the manufacturer's specifications.
  5. Adjust the pull weight using the set screw, if desired, following the recommended increments.
  6. Reassemble the lower receiver and ensure all components are secure.
  7. Conduct a function check to ensure proper operation.

### Usage

- Once installed, familiarize yourself with the trigger's operation.
- Practice safe handling and shooting techniques at all times.
- Regularly inspect the trigger for any signs of wear or damage.
- If you notice any issues, cease use immediately and consult a qualified gunsmith.

## Disposal Instructions

- Dispose of the TriggerTech AR9 trigger in accordance with local regulations.
- Ensure that the trigger is rendered unusable before disposal to prevent unauthorized use.
- Contact local waste management authorities for guidance on proper disposal methods.

## Contact Information for Further Support

For any questions or concerns regarding the TriggerTech AR9 SingleStage Trigger, please consult a qualified gunsmith or refer to the manufacturer's website for additional resources.

Please remember that your safety is paramount. Always adhere to these guidelines and consult professionals when necessary to ensure safe handling and operation of your firearm and its components.
