MDT Rubber Dampeners SRS Short (FDE) Safety Instruction Guide

Introduction

Thank you for choosing the MDT Rubber Dampeners SRS Short (FDE). These dampeners are designed to help reduce vibrations in your firearm, resulting in improved accuracy and a smoother shooting experience. To ensure safe and effective use, please read and follow the safety instructions provided in this guide.

General Safety Guidelines

- Always ensure that your firearm is unloaded before installing or handling the MDT Rubber Dampeners.
- Use the dampeners only for their intended purpose as specified in this guide.
- Keep the dampeners out of reach of children and vulnerable individuals to prevent accidental use.
- Regularly inspect the dampeners for signs of wear or damage. If damaged, discontinue use and replace them.
- Be aware of your surroundings and ensure a safe shooting environment when using your firearm.

Specific Safety Precautions for Use

- Avoid using the dampeners in extreme temperatures or harsh environmental conditions, as this may affect their performance.
- Do not apply excessive force when installing the dampeners, as this may cause damage to the product or your firearm.
- If you experience any unusual vibrations or performance issues while using the dampeners, stop using them immediately and consult a qualified professional.
- Always follow the manufacturer's recommendations for maintenance and care of the dampeners.

Instructions for Installation and Usage

1. Preparation

- Ensure that your firearm is unloaded and in a safe condition before beginning installation.
- Gather the necessary materials: dry lube (if needed).

2. Installation

- Apply a small amount of dry lube to the outer edge of each dampener. This will help facilitate a secure fit.
- Carefully press the dampeners into the buttstock openings of your firearm. Ensure they are snug and properly seated.
- No tools or screws are required for installation. The dampeners should stay securely in place once installed.

3. Usage

- After installation, check that the dampeners are firmly in place before using your firearm.
- When shooting, monitor the performance of the dampeners and be aware of any changes in vibration or stability.

Disposal Instructions

- When the MDT Rubber Dampeners reach the end of their life cycle or if they are damaged beyond use, dispose of them in accordance with local regulations for rubber products.
- Do not dispose of the dampeners in regular household waste. Instead, check for recycling programs or designated disposal facilities in your area.

Contact Information for Further Support

For any inquiries related to the safety and use of the MDT Rubber Dampeners, please refer to the manufacturer's contact information provided on the product packaging or official website.

Thank you for your attention to these safety guidelines. We wish you a safe and enjoyable shooting experience with your MDT Rubber Dampeners SRS Short (FDE).
