# AR15 End Plate Safety Instructions

## Introduction

Thank you for purchasing the AR15 Receiver End Plate. This product is designed to enhance the functionality and safety of your AR15 carbine. Please read this safety instruction guide carefully to ensure proper use and safety compliance.

## General Safety Guidelines

- Ensure that the AR15 Receiver End Plate is compatible with your specific AR15 carbine model.
- Always handle firearms and accessories with care, following all safety protocols.
- Keep the product out of reach of children and unauthorized users.
- Regularly inspect the end plate for any signs of wear or damage. Do not use if damaged.
- Report any unsafe conditions or incidents to the appropriate authorities.

## Specific Safety Precautions for Use

- Always ensure the firearm is unloaded before installing or adjusting the end plate.
- Do not exceed the manufacturer's recommended specifications for installation.
- Use only compatible components when assembling your AR15 carbine to avoid malfunctions.
- Ensure that the engagement tab is properly aligned with the buffer tube during installation.
- Avoid using excessive force during installation to prevent damage to the end plate or the buffer tube.

## Instructions for Installation and Usage

### 1. Preparation

- Ensure your workspace is clean and free of distractions.
- Gather necessary tools such as a wrench or screwdriver (as applicable).

### 2. Installation Steps

- Remove the existing end plate if applicable.
- Align the AR15 Receiver End Plate with the buffer tube and lower receiver.
- Secure the end plate using the appropriate hardware, ensuring it is tightly fastened but not overtightened.
- Check the alignment of the engagement tab with the buffer tube.

### 3. Usage Guidelines

- After installation, verify that the end plate is securely attached before using the firearm.
- Regularly check the end plate for any signs of loosening or damage during routine maintenance.

## Disposal Instructions

- When disposing of the AR15 Receiver End Plate, follow local regulations regarding the disposal of metal products.
- If the product is damaged beyond use, consider recycling it through a local scrap metal facility.
