Swage Support Die Safety Instructions

Introduction

Thank you for choosing the Swage Support Die, designed for use with the Frankford Arsenal X10 Progressive Press and other reloading systems that utilize inline swaging. This guide provides essential safety instructions to ensure safe and effective use of the product, in compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Ensure the product is used only for its intended purpose as specified in the product description.
- Always read and follow the manufacturer's instructions carefully before use.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the die for signs of wear or damage before each use.
- Report any unsafe products or accidents to the relevant authorities.
- Stay informed about recalls and safety alerts by checking the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Always wear appropriate personal protective equipment (PPE), including safety glasses and gloves, when using the Swage Support Die.
- Do not exceed the recommended load limits as specified in the reloading system's manual.
- Ensure that the work area is clean, dry, and free from distractions.
- Use only compatible components and materials as specified by the manufacturer.
- Never leave the reloading press unattended while in use.
- Be cautious when handling and storing reloaded ammunition, as it can pose safety risks.

Instructions for Installation and Usage

1. Installation:

- Ensure the X10 Progressive Press is turned off and unplugged.
- Carefully remove the existing tool head if necessary.
- Position the Swage Support Die onto the tool head, ensuring it is securely fastened according to the manufacturer's instructions.
- Doublecheck that all connections are tight and secure before proceeding.

2. Usage:

- Set up the press according to the manufacturer's guidelines for your specific reloading system.
- Adjust the die settings according to the caliber being used, ensuring it is properly calibrated.
- Follow the reloading process as outlined in the reloading system's manual, paying close attention to safety precautions.
- After use, clean the die to remove any debris or residue, and store it in a safe location.

Disposal Instructions

- Dispose of any damaged or worn components in accordance with local regulations.
- Ensure that any unused or surplus ammunition is stored safely or disposed of responsibly.
- Follow local guidelines for the disposal of hazardous materials, if applicable.

Contact Information for Further Support

For any safety inquiries or additional support regarding the Swage Support Die, please refer to the manufacturer's contact information provided in the product packaging or on the official website.

By following these safety instructions, you can ensure a safe and effective experience with your Swage Support Die. Always prioritize safety and consult the manufacturer's guidelines for the best practices in reloading.
