

## Recoil Buffer - AK Recoil Buffer 3 pack

[Rifle Parts](#) > [Receiver Parts](#) > [Recoil Parts](#) > [Recoil Buffers](#)

The AK-47 recoil buffer is for all Kalashnikov style weapons including AKs, Saiga, Galil, Valmet, Draco pistols and more. This recoil buffer is specifically designed for the recoil spring guide rod and provides outstanding performance and durability.

Using the AK-47 recoil buffer significantly reduces felt recoil, resulting in a more comfortable and controlled shooting experience. Unpleasant bolt strike is effectively minimized as the buffer prevents the bolt from making direct contact with the case. This not only contributes to improved shooting comfort, but also significantly extends the life of your gun.

This buffer is intended to last around 3,000 to 6,000 rounds depending on how over-gassed your rifle is. It is designed to wear out, as only then you will get the full recoil reduction. Therefore, we also offer this product in a 3-pack.

# Recoil Buffer AK Safety Instruction Guide

## Introduction

Thank you for choosing the Recoil Buffer AK Recoil Buffer 3 pack. This product is designed to enhance the shooting experience for all Kalashnikov style weapons, including AKs, Saiga, Galil, Valmet, and Draco pistols. It is essential to understand how to use this product safely and effectively to ensure the best performance and longevity of your firearm.

## General Safety Guidelines

- Always handle firearms with care and follow all local laws and regulations regarding firearm use.
- Before using the recoil buffer, ensure that your firearm is unloaded and clear of any ammunition.
- Inspect the recoil buffer for any signs of damage before installation. Do not use if damaged.
- Keep the recoil buffer and all related equipment out of reach of children and unauthorized users.
- Report any unsafe products and accidents to the relevant authorities.
- Check for recall updates on the EU's Safety Gate platform to stay informed about product safety.

## Specific Safety Precautions for Use

- Ensure that the recoil buffer is compatible with your specific firearm model.
- Use the recoil buffer only for its intended purpose; do not modify or misuse it.
- Be aware that the recoil buffer is designed to wear out over time; monitor its condition regularly.
- If you experience any unusual behavior from your firearm while using the recoil buffer, discontinue use immediately and consult a qualified gunsmith.
- Always wear appropriate safety gear, including eye and ear protection, when using firearms.

## Instructions for Installation and Usage

### 1. Installation

- Ensure that your firearm is unloaded and safe.
- Remove the recoil spring guide rod from your firearm according to the manufacturer's instructions.
- Clean the guide rod and surrounding areas to ensure proper installation.
- Slide the recoil buffer onto the recoil spring guide rod until it is securely in place.
- Reinstall the recoil spring guide rod back into your firearm, ensuring it is seated correctly.

### 2. Usage

- After installation, test your firearm in a safe and controlled environment.
- Observe the reduction in felt recoil and the overall performance of your firearm.
- Monitor the condition of the recoil buffer after every use, especially after extensive shooting sessions.
- Replace the recoil buffer when it shows signs of excessive wear or after approximately 3,000 to 6,000 rounds, depending on the gas pressure of your rifle.

## Disposal Instructions

- Dispose of the recoil buffer in accordance with local regulations for plastic waste.
- Do not burn or incinerate the recoil buffer, as it may release harmful substances.
- If you are unsure about disposal methods, contact your local waste management authority for guidance.

## **Contact Information for Further Support**

For any questions or concerns regarding the Recoil Buffer AK Recoil Buffer 3 pack, please consult the product packaging or visit the manufacturer's website for additional resources.

By following these safety instructions, you can ensure a safer and more enjoyable shooting experience. Thank you for your attention to safety, and enjoy your time at the range!
