

Tikka Tact A1 Forend Bipods - Tikka Tac A1 14" Forend Bipod

[Shooting Accessories](#) > [Bipods, Monopods & Accessories](#) > [Bipods](#)

Balanced. Integrated. Accurate. The BLK LBL Bipod's innovative barrel-through design allows the rifle to sit 'in' the bipod, rather than 'on' it, with the center of rotation of the bipod effectively centered on the bore, making it inherently more stable. The result is a balanced rifle without the top-heavy tendencies that can come from large optics. The ball and socket joint provide fluid movement for improved target acquisition and accuracy. With 40 degrees of pan and 15 degrees of cant in each direction, adjusting leg length to level your scope is a thing of the past.

When not deployed, the legs of the BLK LBL Bipod easily fold to the rear, flush with the hand guard. This means they won't catch on clothing, gear or branches when you're on the move, and won't interfere when shooting off hand, from a barricade, or even when storing your rifle.

Tikka Tact A1 Forend Bipods Safety Instructions

Introduction

Thank you for choosing the Tikka Tact A1 Forend Bipods. This product is designed to enhance your shooting experience by providing stability and accuracy. However, it is essential to use the bipod safely to ensure your safety and the safety of others. This guide outlines important safety instructions and general guidelines to help you use the bipod effectively and responsibly.

General Safety Guidelines

- Always ensure that the bipod is securely attached to the rifle before use.
- Inspect the bipod for any signs of damage or wear before each use.
- Ensure the area around you is clear of obstacles and bystanders before deploying the bipod.
- Do not use the bipod with a rifle that is not compatible with its design.
- Always follow local laws and regulations regarding the use of firearms and shooting equipment.
- Keep the bipod and rifle in a safe location when not in use, out of reach of children and unauthorized users.

Specific Safety Precautions for Use

- Avoid placing the bipod on unstable or uneven surfaces that may cause it to tip over.
- Do not exceed the maximum weight limit of the bipod as specified by the manufacturer.
- Ensure that your fingers and other body parts are clear of the bipod's moving parts during adjustments.
- Be aware of your surroundings and ensure that no one is in the line of fire when using the bipod.
- Use the bipod only for its intended purpose. Do not modify or alter the bipod in any way.

Instructions for Installation and Usage

1. Installation

- Ensure your rifle is unloaded and pointed in a safe direction.
- Align the bipod's attachment mechanism with the mounting point on your rifle.
- Securely fasten the bipod according to the manufacturer's instructions.
- Verify that the bipod is firmly attached and does not wobble.

2. Usage

- Deploy the bipod by extending the legs to your desired height.
- Ensure that the legs are fully extended and locked in place before using.
- Adjust the pan and cant features as needed for optimal positioning.
- When finished, retract the legs and fold them back to the rear flush with the hand guard.

Disposal Instructions

- Dispose of the bipod in accordance with local regulations regarding electronic and metal waste.
- Do not dispose of the bipod in regular household waste.
- If you are unsure about proper disposal methods, contact your local waste management authority for guidance.

Contact Information for Further Support

For any inquiries or concerns regarding the Tikka Tact A1 Forend Bipods, please reach out to the designated EU

contact point for safety inquiries.

Conclusion

Your safety is our priority. By following these guidelines and instructions, you can ensure a safe and enjoyable experience with your Tikka Tact A1 Forend Bipods. Always stay informed about product safety and report any concerns to the appropriate authorities. Thank you for choosing our product, and happy shooting!
