

DPMS AR-10 Low Profil Forend Bipods - DPMS AR-10 Low Profil 17" Forend Bipod

[Shooting Accessories](#) > [Bipods, Monopods & Accessories](#) > [Bipods](#)

The BLK LBL Bipod's innovative barrel-through design allows the rifle to sit 'in' the bipod, rather than 'on' it, with the center of rotation of the bipod effectively centered on the bore, making it inherently more stable. The result is a balanced rifle without the top-heavy tendencies that can come from large optics. The ball and socket joint provide fluid movement for improved target acquisition and accuracy. With 40 degrees of pan and 15 degrees of cant in each direction, adjusting leg length to level your scope is a thing of the past.

When not deployed, the legs of the BLK LBL Bipod easily fold to the rear, flush with the hand guard. This means they won't catch on clothing, gear or branches when you're on the move, and won't interfere when shooting off hand, from a barricade, or even when storing your rifle.

Safety Instruction Guide for DPMS AR10 Low Profile Forend Bipods

Introduction

Thank you for choosing the DPMS AR10 Low Profile Forend Bipod. This guide provides essential safety instructions and guidelines to ensure your safe and effective use of the product. Please read this guide carefully before use.

General Safety Guidelines

- Always ensure the bipod is securely attached to your rifle before use.
- Inspect the bipod for any visible damage or wear before each use.
- Do not exceed the weight limit of the bipod as specified by the manufacturer.
- Ensure the area around you is clear of obstacles when using the bipod.
- Keep the bipod and your rifle pointed in a safe direction at all times.
- Be aware of your surroundings and ensure that you are in a safe environment for shooting.
- Store the bipod in a dry place to prevent corrosion or damage.

Specific Safety Precautions for Use

- **Stability:** Ensure the bipod is set up on a stable surface to prevent tipping.
- **Leg Adjustment:** Adjust the legs of the bipod carefully to avoid pinching fingers.
- **Pan and Cant:** Use the pan and cant features responsibly to maintain control of your rifle.
- **Clothing and Gear:** Be mindful of your clothing and gear to prevent snagging on the bipod legs when moving.
- **Shooting Position:** When shooting from a barricade or offhand, ensure the bipod does not obstruct your aim.
- **Children and Vulnerable Groups:** Keep the bipod and rifle out of reach of children and ensure that only trained adults handle the equipment.

Instructions for Installation and Usage

1. Installation:

- Ensure the rifle is unloaded before attaching the bipod.
- Align the bipod attachment point with the rifle's mounting point.
- Securely fasten the bipod to the rifle, ensuring it is tight and stable.

2. Usage:

- Deploy the bipod legs by pulling them down until they click into place.
- Adjust the leg length as needed for your shooting position.
- Use the pan and cant features to level your scope and improve target acquisition.
- When finished, fold the bipod legs back to their stored position.

Disposal Instructions

- Dispose of the bipod in accordance with local regulations.
- If the bipod is damaged beyond repair, consider recycling the aluminum material where possible.
- Do not dispose of the bipod in regular household waste.

Contact Information for Further Support

For any inquiries regarding safety or product issues, please refer to the product packaging or visit the manufacturer's website for contact information.

By following these guidelines, you can ensure a safe and enjoyable experience with your DPMS AR10 Low Profile Forend Bipod. Thank you for your attention to safety.
