

Tikka Tact A1 Forend Bipods - Tikka Tac A1 15.5" Forend Bipod

[Shooting Accessories](#) > [Bipods, Monopods & Accessories](#) > [Bipods](#)

Balanced. Integrated. Accurate. The BLK LBL Bipod's innovative barrel-through design allows the rifle to sit 'in' the bipod, rather than 'on' it, with the center of rotation of the bipod effectively centered on the bore, making it inherently more stable. The result is a balanced rifle without the top-heavy tendencies that can come from large optics. The ball and socket joint provide fluid movement for improved target acquisition and accuracy. With 40 degrees of pan and 15 degrees of cant in each direction, adjusting leg length to level your scope is a thing of the past.

When not deployed, the legs of the BLK LBL Bipod easily fold to the rear, flush with the hand guard. This means they won't catch on clothing, gear or branches when you're on the move, and won't interfere when shooting off hand, from a barricade, or even when storing your rifle.

Tikka Tact A1 Forend Bipod Safety Instruction Guide

Introduction

Thank you for choosing the Tikka Tact A1 Forend Bipod. This guide provides essential safety instructions and guidelines to ensure the safe and effective use of your bipod. Please read this document carefully before using the product.

General Safety Guidelines

- Always inspect the bipod before use to ensure it is in good working condition.
- Do not use the bipod if any parts are damaged or missing.
- Use the bipod only with compatible firearms. Ensure your firearm is securely mounted before use.
- Always keep the bipod clean and free from debris to maintain optimal performance.
- Store the bipod in a dry place to prevent corrosion and damage.
- Be aware of your surroundings while using the bipod, especially when in a hunting or shooting environment.

Specific Safety Precautions for Use

- Ensure that the bipod is set up on stable ground to prevent tipping or falling.
- Do not exceed the weight limit of the bipod as specified by the manufacturer.
- Avoid using the bipod in adverse weather conditions, such as strong winds or heavy rain, that could affect stability.
- Keep hands and other body parts clear of moving parts during adjustment.
- Always follow local laws and regulations regarding shooting and firearm usage.

Instructions for Installation and Usage

Installation

1. **Unpack the Bipod:** Carefully remove the bipod from its packaging. Check for any visible damage.
2. **Attach the Bipod to the Firearm:**
 - Locate the mounting point on your firearm.
 - Align the bipod with the mounting point.
 - Securely attach the bipod using the provided mounting hardware.
 - Ensure the bipod is firmly attached and does not wobble.

Usage

1. **Adjusting the Legs:**
 - To extend or retract the legs, press the release button located on the leg mechanism.
 - Adjust the legs to the desired length, ensuring they are locked in place before use.
2. **Panning and Canting:**
 - Utilize the ball and socket joint for smooth movement.
 - Adjust the pan and cant settings as needed to align your scope with the target.
3. **Folding the Bipod:**
 - When not in use, fold the legs back against the hand guard.
 - Ensure that the legs are flush and secure to avoid snagging on clothing or gear.

Disposal Instructions

- Dispose of the bipod according to local regulations.
- If the bipod is no longer usable, consider recycling metal parts where applicable.
- Do not dispose of the bipod in regular household waste.

Contact Information for Further Support

For safety inquiries or assistance, please contact the manufacturer or your local retailer. Always keep this guide for future reference.

By following these guidelines and instructions, you can ensure the safe and effective use of your Tikka Tact A1 Forend Bipod. Thank you for prioritizing safety in your shooting activities.
