

# Tikka Tact A1 Forend Bipods - Tikka Tac A1 17" Forend Bipod

[Shooting Accessories](#) > [Bipods, Monopods & Accessories](#) > [Bipods](#)

Balanced. Integrated. Accurate. The BLK LBL Bipod's innovative barrel-through design allows the rifle to sit 'in' the bipod, rather than 'on' it, with the center of rotation of the bipod effectively centered on the bore, making it inherently more stable. The result is a balanced rifle without the top-heavy tendencies that can come from large optics. The ball and socket joint provide fluid movement for improved target acquisition and accuracy. With 40 degrees of pan and 15 degrees of cant in each direction, adjusting leg length to level your scope is a thing of the past.

When not deployed, the legs of the BLK LBL Bipod easily fold to the rear, flush with the hand guard. This means they won't catch on clothing, gear or branches when you're on the move, and won't interfere when shooting off hand, from a barricade, or even when storing your rifle.

# Tikka Tact A1 Forend Bipods Safety Instructions

## Introduction

Thank you for choosing the Tikka Tact A1 Forend Bipod. This guide provides essential safety information and instructions to ensure the safe and effective use of your bipod. Please read this manual carefully before using the product.

## General Safety Guidelines

- Ensure that the bipod is used only for its intended purpose.
- Always inspect the bipod for any signs of damage or wear before use.
- Keep the bipod away from children and vulnerable individuals.
- Avoid using the bipod in adverse weather conditions that may affect stability.
- Do not exceed the recommended weight limit for the bipod.
- Always ensure that the bipod is securely attached to the rifle before use.
- Familiarize yourself with the operation of the bipod before use.

## Specific Safety Precautions for Use

- **Stability:** Ensure the bipod is placed on a flat and stable surface when in use.
- **Adjustments:** Make adjustments to the bipod only when it is not in use to avoid accidental movement.
- **Shooting Position:** When shooting, ensure that your body is positioned safely behind the rifle and bipod.
- **Transport:** When transporting the bipod, fold the legs to prevent snagging on clothing or gear.
- **Storage:** Store the bipod in a dry place away from direct sunlight to prevent degradation of materials.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure that the rifle is unloaded and pointed in a safe direction.
- Align the bipod to the rifle's forend and secure it according to the manufacturer's instructions.
- Ensure that the bipod is tightly fastened and does not move.

### 2. Usage:

- Deploy the bipod legs by pulling them down until they lock into place.
- Adjust the angle of the bipod using the ball and socket joint for optimal stability and accuracy.
- Use the pan and cant features to level your scope without adjusting leg length.
- Always check that the bipod is stable before taking a shot.

## Disposal Instructions

- Dispose of the bipod in accordance with local regulations.
- If the bipod is damaged or no longer usable, consider recycling the aluminum material where possible.
- Do not dispose of the bipod in household waste.

## Contact Information for Further Support

For any inquiries regarding safety or product support, please refer to the manufacturer's contact information provided with the product packaging. It is important to reach out to the manufacturer for any concerns related to safety or product performance.

By following these safety instructions, you can ensure a safe and enjoyable experience with your Tikka Tact A1 Forend Bipod. Always prioritize safety and comply with local laws and regulations when using your equipment.
