

# Rib-Mounted Picatinny Shotgun Rail - Rib-Mounted Picatinny Rail 2.1"

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Shotgun Bases](#)

This vented rib mount adapter is designed for use with vented shotgun ribs (no wider than 7.9mm). The length of the Picatinny rail is 85mm and is long enough to fit most scopes and accessories.

No gun build is required to install the Rib-Mounted Picatinny Rail. You can take it out of the box and install it on your gun in minutes. These rails mount as low as possible on the ribs for a slim profile that minimally affects the build of your gun. The mounting principle consists of transverse slats, which are passed through the holes in the ventilated plate and tightened with two screws. On the sides of the transition bar are 2 pins that provide additional fixation.

# RibMounted Picatinny Shotgun Rail Safety Instruction Guide

## Introduction

Thank you for choosing the RibMounted Picatinny Shotgun Rail. This guide provides essential safety instructions and installation guidelines to ensure the safe use of this product. Please read this manual carefully before use to understand how to operate the rail safely and effectively.

## General Safety Guidelines

- Ensure that the RibMounted Picatinny Rail is compatible with your shotgun's vented rib, which should not exceed 7.9mm in width.
- Always handle firearms safely and responsibly, following all local laws and regulations.
- Inspect the product for any visible damage before installation. Do not use if any parts are damaged or missing.
- Keep this product out of reach of children and unauthorized users.
- Store the shotgun and the rail in a secure location when not in use.
- If you experience any issues during installation or use, cease operation immediately and consult a professional.

## Specific Safety Precautions for Use

- Use only with vented shotgun ribs that meet the specified width requirement.
- Do not exceed the weight limit of the rail when attaching scopes and accessories.
- Ensure that all screws are tightly secured after installation to prevent loosening during use.
- Avoid using the shotgun in wet or humid conditions without proper protection for the rail and accessories.
- Regularly check the rail and attachments for signs of wear or damage.
- Always wear appropriate personal protective equipment (PPE) when handling firearms.

## Instructions for Installation and Usage

### Installation Steps

1. **Preparation:** Ensure your shotgun is unloaded and safe to work on.
2. **Align the Rail:** Position the RibMounted Picatinny Rail on the vented rib of the shotgun, ensuring it fits securely.
3. **Insert Transverse Slats:** Pass the transverse slats through the holes in the ventilated plate of the shotgun rib.
4. **Secure with Screws:** Tighten the two screws provided to secure the rail in place. Ensure they are snug but do not overtighten to avoid damage.
5. **Check Pins:** Confirm that the two fixation pins on the sides of the transition bar are properly engaged for additional stability.
6. **Final Inspection:** Doublecheck that the rail is securely attached and that there are no loose parts.

### Usage Guidelines

- After installation, attach scopes and accessories as needed, ensuring they do not exceed the weight limit of the rail.
- Perform a function check of the shotgun to ensure that the rail does not interfere with the operation of the firearm.
- Always adhere to safe firearm handling practices when using your shotgun with the mounted rail.

## **Disposal Instructions**

- Dispose of the RibMounted Picatinny Rail responsibly. Follow local regulations for the disposal of metal and plastic materials.
- If the product is damaged beyond repair, consider recycling the materials where possible.

## **Contact Information for Further Support**

For any safety inquiries or support related to the RibMounted Picatinny Shotgun Rail, please refer to the manufacturer's contact details provided with the product packaging or visit the manufacturer's official website.

By following these guidelines, you can ensure the safe and effective use of the RibMounted Picatinny Shotgun Rail. Thank you for your attention to safety.
