

Precision Rifle Bottom Metal - Badger Profile - Remington 700 - BLK

[Rifle Parts](#) > [Receiver Parts](#) > [Bottom Metals](#)

Experience the reliability of 6061 anodized aluminum combined with unique features that you won't find anywhere else. It's time to redefine tradition.

Our customizable magazine latch ensures that your magazine seats and functions exactly as you desire.

Elevate your reloading speed with our flared magwell design. Its design promises swift and hassle-free magazine changes.

In the world of precision shooting, stability is paramount. That's why our integrated barricade stop allows you to brace your rifle against barricades, gates, and other props without worrying about causing magazine feeding issues.

Precision Rifle Bottom Metal Badger Profile

Safety Instruction Guide

Introduction

Thank you for choosing the Precision Rifle Bottom Metal Badger Profile for your Remington 700. This product is designed to enhance your shooting experience while ensuring safety and reliability. Please read this safety instruction guide carefully to understand how to use and maintain your product safely.

General Safety Guidelines

- Always treat your rifle as if it is loaded, even when you believe it to be unloaded.
- Ensure that you are in a safe environment when handling your rifle.
- Keep the firearm pointed in a safe direction at all times.
- Store your rifle and its components in a secure location, away from children and unauthorized users.
- Familiarize yourself with local laws and regulations regarding firearm ownership and usage.
- Regularly inspect your equipment for any signs of wear or damage before use.

Specific Safety Precautions for Use

- Ensure that the magazine is properly seated before attempting to fire.
- Do not attempt to modify the magazine latch or flared magwell design, as this may compromise safety and functionality.
- Avoid placing any obstructions in the magwell area during loading and unloading.
- Use only compatible magazines designed for the Remington 700 to ensure proper function.
- When using the integrated barricade stop, ensure that it is securely positioned against the barricade to prevent accidents.

Instructions for Installation and Usage

Installation

1. **Preparation:** Make sure your rifle is unloaded and in a safe location.
2. **Remove the Existing Bottom Metal:** Carefully unscrew and detach the existing bottom metal from your Remington 700.
3. **Align the New Bottom Metal:** Position the Precision Rifle Bottom Metal Badger Profile in alignment with the mounting holes.
4. **Secure the Bottom Metal:** Use the provided screws to firmly attach the new bottom metal. Ensure it is tightened properly but avoid overtightening which could damage the aluminum.
5. **Check the Magazine Fit:** Insert the magazine to ensure it seats correctly and functions as intended.

Usage

- Load your rifle according to the manufacturer's guidelines.
- Utilize the flared magwell design for quick and efficient magazine changes.
- When bracing your rifle using the integrated barricade stop, ensure stability and proper alignment to avoid misfires.

Disposal Instructions

- Dispose of any damaged or nonfunctional components in accordance with local regulations.
- Consider recycling aluminum parts where facilities are available.
- Do not dispose of any firearm components in regular household waste.

Contact Information for Further Support

For any inquiries regarding safety, installation, or product functionality, please consult your retailer or manufacturer's website for support resources.

By following these guidelines, you can ensure a safe and enjoyable experience with your Precision Rifle Bottom Metal Badger Profile. Thank you for your attention to safety.
