

XRS Complete Chassis System Remington - MDT XRS CHASSIS Remington 700SA LH

[Rifle Parts](#) > [Stock Parts](#) > [Rifle Stocks](#)

The rifle (system) and scope shown in the picture are not for sale and are not included. Only the chassis is included in the delivery.

The XRS Chassis is designed for shooters that want the fit and feel of a traditional shaped rifle stock with the benefits of a modern precision rifle chassis system. Each XRS Chassis is constructed from a full-length CNC machined core of 6061 aircraft grade aluminum wearing high strength textured polymer panels for insulation from the elements. The precision aluminum V-block bedding system ensures fit and function to maximize the accuracy of any rifle action. The XRS Chassis features a replaceable over molded and textured grip system, with both an angled grip and a vertical grip included in box.

The XRS Chassis is the most advanced and configurable crossover stock on the market and is the ideal performance upgrade for any factory rifle or foundation for a custom rifle build. Weighing in at 1,7kg (depending on inlet), the XRS is ideal for both hunting or target rifles. The XRS features adjustable length of pull via spacers from 13.25" to 15+" and a quick adjust cheek piece to adjust for scope height over bore. The XRS accepts standard AICS pattern magazines and has an easy to manipulate ambidextrous magazine latch. The generous 12" long Forend comes with M-LOK slots built in for accessory mounting and attachment of ARCA or picatinny rails.

Safety Instruction Guide for MDT XRS Complete Chassis System Remington

Introduction

Thank you for choosing the MDT XRS Complete Chassis System for your Remington 700SA LH rifle. This guide provides essential safety instructions to ensure the safe use, installation, and disposal of the product. Please read this manual thoroughly before using the chassis system.

General Safety Guidelines

To ensure your safety and the proper functioning of the MDT XRS Chassis, please adhere to the following guidelines:

- Always handle the chassis system with care and ensure that your firearm is unloaded when installing or adjusting components.
- Familiarize yourself with the product and its features before use.
- Store the chassis system in a safe and secure location, away from children and unauthorized users.
- Regularly inspect the chassis for signs of wear or damage.
- Follow all local laws and regulations regarding firearm modifications and usage.

Specific Safety Precautions for Use

When using the MDT XRS Chassis, observe the following precautions:

- Ensure that the chassis is compatible with your specific rifle model (Remington 700SA LH) before installation.
- Do not exceed the recommended weight limit of the chassis system.
- Use only the included vertical and angled grips for optimal performance.
- Adjust the length of pull and cheek piece only when the firearm is in a safe position and pointed in a secure direction.
- Be cautious when mounting accessories to the MLOK slots to prevent interference with the firearm's operation.
- If you experience any issues with the chassis, cease use immediately and consult a qualified gunsmith.

Instructions for Installation and Usage

Follow these steps for proper installation and usage of the MDT XRS Chassis:

1. Unboxing and Inspection

- Carefully remove the chassis system from the packaging.
- Inspect all components for any visible damage or defects.
- Ensure that all parts are included as per the specifications.

2. Installation

- Ensure that your Remington 700SA LH rifle is unloaded.
- Remove the existing stock from your rifle according to the manufacturer's instructions.
- Align the rifle action with the precision aluminum Vblock bedding system in the chassis.
- Secure the rifle action in place using the provided screws, ensuring a snug fit without overtightening.
- Attach the included vertical or angled grip to the chassis as preferred.

3. Adjustments

- Adjust the length of pull using the spacers provided, ranging from 13.25" to 15+".
- Adjust the cheek piece to accommodate your scope height over the bore.

4. Accessory Mounting

- Utilize the MLOK slots for mounting accessories such as bipods, lights, or other attachments.
- Ensure that all accessories are securely fastened and do not obstruct the operation of the rifle.

5. Final Checks

- Perform a final inspection to ensure all components are securely attached.
- Confirm that the rifle functions properly with the new chassis installed.

Disposal Instructions

When disposing of the MDT XRS Chassis, please follow these guidelines:

- Do not dispose of the chassis in regular household waste.
- Check with local regulations for proper disposal methods of aluminum and polymer materials.
- Consider recycling options for the aluminum components where available.

Contact Information for Further Support

For any inquiries regarding safety or product support, please consult the manufacturer or authorized dealers. Ensure you have your product details available for reference.

By following these safety guidelines and instructions, you can enjoy the full benefits of the MDT XRS Complete Chassis System while ensuring your safety and the safety of those around you. Thank you for your attention to these important instructions.
