

# XRS Complete Chassis System Savage - MDT XRS CHASSIS Savage SA LH

[Rifle Parts](#) > [Stock Parts](#) > [Rifle Stocks](#)

The rifle (system) and scope shown in the picture are not for sale and are not included. Only the chassis is included in the delivery.

The XRS Chassis is designed for shooters that want the fit and feel of a traditional shaped rifle stock with the benefits of a modern precision rifle chassis system. Each XRS Chassis is constructed from a full-length CNC machined core of 6061 aircraft grade aluminum wearing high strength textured polymer panels for insulation from the elements. The precision aluminum V-block bedding system ensures fit and function to maximize the accuracy of any rifle action. The XRS Chassis features a replaceable over molded and textured grip system, with both an angled grip and a vertical grip included in box.

The XRS Chassis is the most advanced and configurable crossover stock on the market and is the ideal performance upgrade for any factory rifle or foundation for a custom rifle build. Weighing in at 1,7kg (depending on inlet), the XRS is ideal for both hunting or target rifles. The XRS features adjustable length of pull via spacers from 13.25" to 15+" and a quick adjust cheek piece to adjust for scope height over bore. The XRS accepts standard AICS pattern magazines and has an easy to manipulate ambidextrous magazine latch. The generous 12" long Forend comes with M-LOK slots built in for accessory mounting and attachment of ARCA or picatinny rails.

# MDT XRS Complete Chassis System Safety Instruction Guide

## Introduction

Thank you for choosing the MDT XRS Complete Chassis System for your shooting needs. This guide provides essential safety instructions to ensure the safe and effective use of your new chassis system. Please read and understand these guidelines before using the product.

## General Safety Guidelines

- Ensure that you are familiar with the laws and regulations regarding firearms and accessories in your area.
- Always treat your rifle as if it is loaded, even if you believe it to be unloaded.
- Keep the chassis system and all firearms out of the reach of children and unauthorized users.
- Inspect the chassis system regularly for any signs of damage or wear.
- Do not modify the chassis system in any way that could compromise its safety or performance.
- Store your chassis system and rifle in a secure manner when not in use.
- Always wear appropriate eye and ear protection when using firearms.

## Specific Safety Precautions for Use

- Before installation, ensure that your rifle is unloaded and pointed in a safe direction.
- When adjusting the length of pull or cheek piece, do so gradually to prevent sudden movements that could lead to accidents.
- Ensure that the magazine latch operates smoothly and is not obstructed.
- Use only the compatible vertical and angled grips provided with the chassis system. Other grips may not fit securely and could cause safety issues.
- Be cautious when using accessories on the forend; ensure they are securely attached to prevent detachment during use.
- If you experience any issues with the chassis system, cease use immediately and consult a qualified gunsmith or contact the manufacturer.

## Instructions for Installation and Usage

### 1. Installation

- Ensure that the rifle is unloaded and in a safe environment.
- Remove the existing stock from your rifle, following the manufacturer's instructions.
- Align the rifle action into the XRS Chassis, ensuring that it fits snugly into the precision aluminum Vblock bedding system.
- Secure the action using the provided screws, ensuring they are tightened to the manufacturer's specifications.
- Attach the vertical or angled grip as per your preference, ensuring it is firmly in place.

### 2. Adjusting Length of Pull

- Use the spacers provided to adjust the length of pull from 13.25" to 15+".
- Ensure that the adjustments are secure before use.

### 3. Adjusting Cheek Piece

- Adjust the cheek piece by loosening the adjustment screw, moving it to the desired height, and

then tightening the screw securely.

#### **4. Loading and Unloading**

- Always ensure the rifle is pointed in a safe direction when loading or unloading.
- Insert a standard AICS pattern magazine into the chassis and ensure it is seated properly.

#### **5. Using the Chassis**

- When using the rifle, maintain a stable shooting position.
- Regularly check the chassis system for any signs of looseness or wear.

## **Disposal Instructions**

When it comes time to dispose of your chassis system, please consider the following:

- Do not dispose of the chassis system in regular household waste.
- Contact your local waste management authority for guidance on the proper disposal of aluminum and polymer materials.
- Ensure that all components are disposed of in an environmentally responsible manner.

## **Contact Information for Further Support**

For any inquiries or support related to your MDT XRS Complete Chassis System, please refer to the manufacturer's official website or customer service channels. Ensure you have your product details ready for efficient assistance.

By following these safety instructions, you can ensure a safe and enjoyable experience with your MDT XRS Complete Chassis System. Thank you for prioritizing safety in your shooting activities.
