

Scout Breacher Trigger - AR-9 Scout Breacher Trigger

[Rifle Parts](#) > [Triggers Parts](#) > [Triggers](#)

The Scout-Breacher Trigger from German Tactical Systems is made for shooters who need both speed and precision. Originally, we planned to design two different triggers - one for long-range accuracy and another for quick, close-range shots. But we found a way to combine them, creating a versatile trigger that adapts to any shooting situation. Whether you're on the range or in the field, the Scout Breacher delivers the performance you need.

Versatile Design: Transitions smoothly from a curved section for rapid shooting to a flat, lighter pull for precise long-range shots.

Adjustable Trigger Weight: Set at 1.6kg / 3.5lb from the factory, but easily adjustable up or down, so you can fine-tune it to match your shooting style and preferences.

Drop-In Simplicity: Simple, drop-in design - no complex tools or modifications needed.

Anti-Rotation Pins: While not necessarily required, the included anti-rotation pins offer an extra layer of security for those who want to ensure the trigger remains firmly in place during intense use.

Crisp Break & Quick Reset: Enjoy a clean, consistent break that improves accuracy, paired with a quick reset for follow-up shots - making it effective for both close engagements and precision targeting.

Built to Last: Made from high-quality materials, the Scout-Breacher Trigger is built to endure rigorous use, maintaining its performance through thousands of rounds.

Ready for Any Mission: Whether you're out on the range, in the field, or in a tactical scenario, the Scout Breacher Trigger gives you the flexibility you need.

Tailor-Made for AR-9: Built with a unique trigger profile that perfectly suits the dynamics of 9mm chambered AR platforms, ensuring smooth, reliable operation for pistol-caliber carbines.

Attributes

- Name: [AR-9 Scout Breacher Trigger](#)
- Manufacturer: [GERMAN TACTICAL SYSTEMS](#)
- Product no.: EU2012686
- Mfr. No.: GTS-7509-BLK
- Colour: Light Blue
- Make: -
- Model: AR-9
- Style: Curved
- Delivery weight: 1kg
- Shipping height: 100mm
- Shipping width: 100mm

- Shipping length: 100mm
- EAN: 0792649432709

Scout Breacher Trigger Safety Instruction Guide

Introduction

Thank you for choosing the Scout Breacher Trigger from German Tactical Systems. This guide provides essential safety instructions to ensure the safe use and installation of your new trigger. It is important to follow these guidelines to maximize safety and performance.

General Safety Guidelines

- Always treat the trigger as if it is loaded, even when it is not.
- Keep your finger off the trigger until you are ready to shoot.
- Ensure the firearm is pointed in a safe direction at all times.
- Store the trigger and firearm in a secure location, out of reach of children and unauthorized users.
- Regularly inspect the trigger for wear or damage before use.
- Follow all local laws and regulations regarding firearm modifications.

Specific Safety Precautions for Use

- **Avoid Modifications:** Do not alter the trigger or its components beyond the manufacturer's specifications.
- **Use Appropriate Ammunition:** Ensure that you are using ammunition that is compatible with the AR9 platform.
- **Wear Safety Gear:** Always wear appropriate eye and ear protection when shooting.
- **Check Compatibility:** Ensure the Scout Breacher Trigger is compatible with your specific AR9 model before installation.
- **Secure Installation:** Use the provided antirotation pins to secure the trigger during installation to prevent movement during use.

Instructions for Installation and Usage

Installation Steps

1. **Preparation:** Ensure the firearm is unloaded and pointed in a safe direction.
2. **Remove the Old Trigger:**
 - Disassemble the firearm according to the manufacturer's instructions.
 - Carefully remove the existing trigger assembly.
3. **Install the Scout Breacher Trigger:**
 - Align the trigger with the receiver.
 - Insert the antirotation pins to secure the trigger in place.
 - Ensure the trigger is firmly seated and does not move.
4. **Adjust Trigger Weight:**
 - Adjust the trigger weight to your preference using the adjustment screw.
 - Set it to the factory setting of 1.6kg / 3.5lb for initial use.
5. **Reassemble the Firearm:** Follow the manufacturer's instructions to reassemble the firearm.
6. **Function Check:** Perform a function check to ensure proper operation before live fire.

Usage Guidelines

- **Testing:** Conduct initial testing in a controlled environment.
- **FollowUp Shots:** Practice followup shots to familiarize yourself with the trigger's reset mechanism.
- **Regular Maintenance:** Clean and lubricate the trigger as per the manufacturer's recommendations to ensure optimal performance.

Disposal Instructions

- Dispose of the trigger in accordance with local regulations.
- Do not dispose of the trigger in regular household waste.
- Contact local waste management facilities for proper disposal methods.

Contact Information for Further Support

For any questions or concerns regarding the Scout Breacher Trigger, please refer to the manufacturer's website or contact their customer service for assistance.

Thank you for choosing the Scout Breacher Trigger. Your safety and satisfaction are our top priorities. Enjoy your shooting experience responsibly!
