

# Chassis - HNT 26 - Howa 1500 - SA - RH - Folding - ARCA - BCF

[Rifle Parts](#) > [Stock Parts](#) > [Rifle Stocks](#)

## DESIGNED FOR THE HUNT

MDT's first purpose-built hunting chassis. Made with lightweight carbon fiber, with folding stock and ARCA forend options.

## WHEN POUNDS EQUAL PAIN

Manufactured using magnesium and carbon fiber, two of the highest quality, and most lightweight materials around. The HNT26 Chassis total package weights in starting at just 26oz, with the folding and ARCA options going up to approx. 31oz.

AVAILABLE

## COMFORTABLE REGARDLESS OF WEATHER

Carbon fiber touch points on the HNT26 Chassis System not only help with weight savings, but also remove the "cold to the touch" feeling that can be associated with some metal materials in extreme conditions.

## DESIGNED TO BE SNAG-FREE

The HNT26 rifle stock has been designed to drastically diminish snag points. From its smoother, less aggressive shape to the seamless integration of the magazine latch into the trigger guard, every part of this chassis system was truly designed with the hunter in mind.

- Warm to the touch with lightweight carbon
- Enclosed forend with M-LOK slots at 3, 6, 9 and 12 o'clock
- Low profile mag latch integrated into the trigger guard
- Adjustable cheek riser for better fitment
- AICS Magazine compatible
- Lightweight carbon fiber pistol grip (included)
- QD Flush cups front and rear on both sides
- Snag-free design for bushwhacking in the field

## Attributes

# MDT Chassis HNT 26 Howa 1500 Safety Instruction Guide

## Introduction

Thank you for choosing the MDT Chassis HNT 26 for your Howa 1500 rifle. This product is designed for hunting and precision shooting, offering a lightweight and ergonomic solution. To ensure safe and effective use, please read this safety instruction guide carefully. It provides essential information on safety guidelines, precautions, installation, usage, and disposal.

## General Safety Guidelines

- Always treat your firearm and chassis as if they are loaded.
- Ensure that the rifle is pointed in a safe direction at all times.
- Keep your finger off the trigger until ready to shoot.
- Store the chassis and rifle in a secure location, away from children and unauthorized users.
- Regularly inspect the chassis for any signs of wear or damage before use.
- Familiarize yourself with the local laws and regulations regarding the use of firearms and hunting equipment.

## Specific Safety Precautions for Use

- **Weight Considerations:** The HNT26 chassis is lightweight, weighing approximately 26oz. Be aware of weight distribution when carrying your rifle.
- **Cold Weather Use:** Carbon fiber touch points are designed to reduce the cold-to-the-touch feeling. However, extreme temperatures can still affect handling. Dress appropriately for the conditions.
- **Snag-Free Design:** The chassis is designed to reduce snag points. Always check that your gear is secure and does not interfere with the operation of the rifle.
- **Adjustable Cheek Riser:** Ensure that the cheek riser is correctly adjusted for your comfort and shooting position. Improper adjustment may lead to misalignment and affect accuracy.
- **Magazine Compatibility:** Use only AICS compatible magazines with this chassis to ensure proper function and safety.
- **Folding Stock:** When folding the stock, ensure that it is securely locked in place before use. Never attempt to fire the rifle with the stock in the folded position.

## Instructions for Installation and Usage

### 1. Installation:

- Begin by ensuring that your rifle is unloaded.
- Remove the existing stock from your Howa 1500 rifle according to the manufacturer's instructions.
- Align the MDT HNT26 chassis with the rifle's action, ensuring that the action screws fit properly.
- Secure the chassis to the rifle using the provided screws. Ensure they are tightened to the manufacturer's specifications.
- Attach the adjustable cheek riser if desired, following the included instructions.

### 2. Usage:

- Before heading out, check that all components are secure and functioning properly.
- When in the field, practice safe handling techniques. Always be aware of your surroundings and ensure a clear line of sight before firing.
- Use the enclosed forend with MLOK slots for attaching accessories securely.
- Ensure that the QD flush cups are properly used for slings to avoid accidental detachment.

## **Disposal Instructions**

- Dispose of the chassis responsibly and in accordance with local regulations.
- If the chassis is no longer usable, consider recycling the materials if possible, particularly the carbon fiber and magnesium components.
- Do not dispose of in regular household waste.

## **Contact Information for Further Support**

For any safety inquiries, product support, or to report unsafe conditions, please refer to the manufacturer's customer support resources. Ensure that you have your product information ready for assistance.

By following these guidelines, you can ensure a safe and enjoyable experience with your MDT Chassis HNT 26. Always prioritize safety and responsible firearm handling. Thank you for your commitment to safe hunting practices.
