Mepro MPODF Safety Instruction Guide

Introduction

Thank you for choosing the Mepro MPODF open emitter pistol optic. This guide provides essential safety instructions and guidelines to ensure safe and effective use of your optic. Please read this manual carefully before installation and use.

General Safety Guidelines

- Ensure the product is used only for its intended purpose as a pistol optic.
- Always handle the optic with care to avoid physical damage.
- Keep the optic out of reach of children and unauthorized users.
- Regularly check for any signs of wear or damage.
- Report any unsafe conditions or accidents to the appropriate authorities.
- Stay informed about product recalls and safety updates through the EU Safety Gate platform.

Specific Safety Precautions for Use

- Do not expose the optic to extreme temperatures or harsh environmental conditions.
- Ensure that the optic is securely mounted to prevent it from dislodging during use.
- Avoid looking directly at the sun through the optic, as this can cause permanent damage to your eyesight.
- Use only the specified battery (CR1632) and replace it as needed to maintain optimal performance.
- Follow all local laws and regulations regarding the use of firearm optics.

Instructions for Installation and Usage

Installation

1. Mounting the Optic:

- Ensure the firearm is unloaded and pointed in a safe direction.
- Align the optic with the RMR footprint on your pistol.
- Securely fasten the optic using the provided screws, ensuring it is tightly fitted.

2. Battery Installation:

- Locate the battery compartment on the optic.
- Insert a new CR1632 battery, ensuring the positive (+) side is facing up.
- Close the battery compartment securely.

Usage

• Brightness Adjustment:

- Use the automatic brightness control for optimal visibility in varying light conditions.
- For manual adjustment, press the brightness control button to cycle through the available settings.

• Power Saving Mode:

- The optic features a powersaving sleep mode that activates after a period of inactivity. To wake the optic, simply press any button.

- **Cleaning and Maintenance:**

- Use a soft, dry cloth to clean the lens. Avoid using harsh chemicals or abrasive materials.
- Regularly check the optic for any signs of moisture or fogging, which may indicate a need for service.

Disposal Instructions

- Dispose of the optic and its components in accordance with local regulations.
- Remove the battery before disposal and recycle it at designated battery recycling points.

Contact Information for Further Support

For safety inquiries and additional support regarding the Mepro MPODF, please refer to the manufacturer's website or customer service channels.

Thank you for prioritizing safety and responsible use of your Mepro MPODF optic. Enjoy your enhanced shooting experience!
