

MEPRO M22 .3 MOA TRIANGLE-RED-DAY/NIGHT SELF-ILLUMINATED SIGHT

[Optics & Mounting](#) > [Electronic Sights](#) > [Reflex Sights](#)

The new Mepro M22 is the next generation of the legendary Mepro M21 Reflex Sight, used for decades by the Israeli Defense Force, Militaries, and Law Enforcement agencies worldwide.

Smaller and more compact, the Mepro M22 reflex sight with fiber-optic illumination by day and premium Swiss made tritium vials by night that will operate in any lighting condition with no need for batteries, ever. The transition between the two systems is instantaneous and automatic.

It's rugged, battle-proven construction meets or exceeds rigorous standards to function in the harshest environments. Reliable in any weather conditions, the Mepro M22 is suitable to use with NVDs as well as magnifiers Like the Mepro MMX3.

Tritium luminance is warranted for ten (10) years.

MEPRO M22 Safety Instruction Guide

Introduction

Thank you for choosing the MEPRO M22 Reflex Sight. This guide provides important safety instructions and information to ensure the safe and effective use of your product. Please read this guide carefully before using the sight.

General Safety Guidelines

- Ensure safe use of the MEPRO M22 by following all instructions provided in this guide.
- Be aware of potential hazards associated with the use of optical sights, including improper handling and misuse.
- Always keep the sight out of reach of children and vulnerable individuals.
- Regularly check for any product recalls or safety updates via the EU Safety Gate platform.

Specific Safety Precautions for Use

- Do not use the MEPRO M22 sight if it appears damaged or malfunctioning.
- Avoid exposing the sight to extreme temperatures or harsh environmental conditions that could affect its performance.
- Do not attempt to disassemble or modify the sight, as this may compromise its safety and functionality.
- Always ensure that the sight is securely mounted on your firearm before use.
- When using the sight in lowlight conditions, ensure that you are familiar with its operation to prevent accidents.

Instructions for Installation and Usage

Installation

1. Mounting the Sight:

- Ensure that your firearm is unloaded before installation.
- Select a suitable mounting location on your firearm.
- Use the appropriate mounting hardware to securely attach the sight.
- Confirm that the sight is level and properly aligned.

2. Adjusting the Reticle:

- Follow the manufacturer's instructions for adjusting the reticle to your preferred settings.
- Ensure that the reticle is visible and clearly defined in both day and night conditions.

Usage

• Daily Checks:

- Inspect the sight for any signs of damage or wear before each use.
- Confirm that the illumination system is functioning correctly.

• Sight Operation:

- Familiarize yourself with the sight's features and controls before use.
- Practice using the sight in a safe environment to ensure proficiency.

- **Storage:**

- Store the sight in a cool, dry place when not in use.
- Use a protective case to prevent damage during transport.

Disposal Instructions

- Dispose of the MEPRO M22 in accordance with local regulations for electronic waste.
- Do not dispose of the sight in regular household waste.
- If the sight contains any hazardous materials, follow local guidelines for their safe disposal.

Contact Information for Further Support

For any safety inquiries or additional support regarding the MEPRO M22, please refer to the manufacturer's contact information provided in the product packaging or visit the official website.

Please ensure that you keep this guide for future reference. Safe handling and responsible use of your MEPRO M22 Reflex Sight will enhance your experience and ensure your safety.
