

# Full Length Die 7/8 - Full Length Die 4,6x30

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The FL dies is used to size the cartridge case on full length. In addition to a removable expander our FL dies have an integrated primer ejector pin. All used spindles, the expander and ejector pin can be replaced easily if necessary, with just little effort.

Calibration takes place when the cartridge case is pushed into the die. The neck of the case is calibrated from the inside when it is moved out of the die. This will form the cartridge case and achieves a correct neck tension.

The correct position of the die in the press is set with the lock nut. All relevant components have an article number for easy reordering if necessary. You will find further instructions and assistance in selecting accessories and spare parts in the manual.

# Full Length Die 7/8 Safety Instruction Guide

## Introduction

Thank you for choosing the Full Length Die 7/8 (Model: FL Die 4,6x30). This product is designed for resizing cartridge cases to ensure optimal performance and safety in your reloading process. Please read this safety instruction guide thoroughly to understand the proper usage, safety precautions, and maintenance of the die.

## General Safety Guidelines

- Always handle the die with care to avoid injury.
- Ensure that you are using the die in a wellventilated area.
- Keep the die and all components out of reach of children and vulnerable individuals.
- Regularly inspect the die for any signs of wear or damage before use.
- Follow all local laws and regulations regarding the use of reloading equipment.

## Specific Safety Precautions for Use

### • Hazard Identification:

- The die can pose risks if not used correctly, including injury from sharp edges and potential malfunction during operation.

### • Avoiding Hazards:

- Always wear safety glasses to protect your eyes from debris.
- Use gloves to protect your hands from sharp edges and hot surfaces.
- Do not exceed the maximum load specifications for your cartridge cases.
- Ensure that your press is securely mounted to prevent movement during operation.
- Do not attempt to modify or disassemble the die beyond the recommended maintenance procedures.

### • Age Specific Warnings:

- This product is not intended for use by individuals under the age of 18 without adult supervision.

## Instructions for Installation and Usage

### Installation

1. **Prepare Your Workspace:** Set up a clean, welllit area with all necessary tools at hand.
2. **Attach the Die to the Press:**
  - Screw the die into the press using the 7/8 thread.
  - Secure the die in place with the lock nut to ensure it does not shift during operation.
3. **Install the Expander and Ejector Pin:**
  - If necessary, insert the expander and ejector pin as per the provided instructions.
  - Ensure all components are properly seated.

### Usage

1. **Calibrating the Die:**
  - Insert the cartridge case into the die.
  - Push the case into the die until it is fully seated.

- The neck of the case will be calibrated from the inside as it is moved out of the die.

## 2. Checking Neck Tension:

- After resizing, check the neck tension to ensure it meets your specifications.
- If adjustments are needed, refer to the manual for guidance on modifying the die settings.

## 3. Replacing Components:

- If the expander or ejector pin is worn, replace them with new parts. These can be ordered using the article number provided.

## Disposal Instructions

- Dispose of any broken or worn components in accordance with local regulations.
- Do not dispose of the die in regular household waste. Check for local recycling programs for metal components.
- Ensure that all packaging materials are disposed of responsibly.

## Contact Information for Further Support

For any questions, concerns, or further assistance regarding the Full Length Die 7/8, please refer to the user manual or contact the manufacturer directly. It is important to ensure that all inquiries are directed to an EUbased contact for compliance with safety regulations.

By following these safety instructions, you can ensure a safe and effective experience while using the Full Length Die 7/8. Always prioritize safety and stay informed about best practices in reloading. Thank you for your commitment to safe usage.
