

# Full Length Die 7/8 - Full Length Die 5,6x57

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The FL dies is used to size the cartridge case on full length. In addition to a removable expander our FL dies have an integrated primer ejector pin. All used spindles, the expander and ejector pin can be replaced easily if necessary, with just little effort.

Calibration takes place when the cartridge case is pushed into the die. The neck of the case is calibrated from the inside when it is moved out of the die. This will form the cartridge case and achieves a correct neck tension.

The correct position of the die in the press is set with the lock nut. All relevant components have an article number for easy reordering if necessary. You will find further instructions and assistance in selecting accessories and spare parts in the manual.

# Full Length Die 7/8 Safety Instruction Guide

## Introduction

Thank you for choosing the Full Length Die 7/8 for your reloading needs. This guide provides essential safety instructions and operational guidelines to ensure safe and effective use of the product. Please read and understand all sections carefully before using the die.

## General Safety Guidelines

- Always wear appropriate safety gear, including safety glasses, when using reloading equipment.
- Keep the workspace clean and organized to prevent accidents.
- Ensure that all components are in good condition before use. Check for wear or damage.
- Store the die and all reloading materials out of reach of children and pets.
- Follow all local laws and regulations regarding ammunition reloading.
- Report any unsafe products or accidents to the appropriate authorities.
- Regularly check for recall updates on the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- **Hazard Identification:**
  - Sharp edges: Be cautious of sharp edges on the die and tools.
  - Heavy components: Use proper lifting techniques to avoid injury.
- **Avoiding Hazards:**
  - Handle all tools and components with care.
  - Do not use the die if it is damaged or malfunctioning.
  - Never leave the die unattended while in use.
  - Ensure the die is securely mounted in the press before operation.
- **Age Specific Warnings:**
  - This product is not intended for use by individuals under the age of 18 without adult supervision.
  - Ensure that inexperienced users are properly trained before using the die.

## Instructions for Installation and Usage

- **Installation:**
  1. Ensure that the reloading press is turned off and unplugged.
  2. Securely attach the Full Length Die 7/8 to the press using the lock nut provided.
  3. Confirm that the die is properly aligned and tightened to avoid any movement during operation.
- **Usage:**
  1. Insert the cartridge case into the die, ensuring it is seated correctly.
  2. Operate the press to size the cartridge case. The neck will be calibrated from the inside as it exits the die.
  3. If necessary, replace the expander or primer ejector pin by following the manufacturer's instructions.
  4. Maintain a consistent and controlled speed while operating the press to ensure proper sizing.
- **PostUse:**
  1. Clean the die and surrounding area after use to remove any debris or residue.
  2. Store the die in a safe and dry location to prevent damage.

## **Disposal Instructions**

- Dispose of any damaged or unusable components in accordance with local regulations.
- Recycle materials whenever possible, following your local recycling guidelines.

## **Contact Information for Further Support**

For any questions or concerns regarding the Full Length Die 7/8, please refer to the product manual or contact the manufacturer directly for assistance.

By following these guidelines, you will ensure safe and effective use of the Full Length Die 7/8. Thank you for prioritizing safety in your reloading practices.
