

# Full Length Die 7/8 - Full Length Die 22-250 Rem

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The FL dies is used to size the cartridge case on full length. In addition to a removable expander our FL dies have an integrated primer ejector pin. All used spindles, the expander and ejector pin can be replaced easily if necessary, with just little effort.

Calibration takes place when the cartridge case is pushed into the die. The neck of the case is calibrated from the inside when it is moved out of the die. This will form the cartridge case and achieves a correct neck tension.

The correct position of the die in the press is set with the lock nut. All relevant components have an article number for easy reordering if necessary. You will find further instructions and assistance in selecting accessories and spare parts in the manual.

# Full Length Die 7/8 Full Length Die 22250 Rem Safety Instruction Guide

## Introduction

Thank you for choosing the Full Length Die 7/8 Full Length Die 22250 Rem. This guide provides important safety instructions to ensure the safe and effective use of this product. It is essential to follow these guidelines to minimize risks and ensure proper handling.

## General Safety Guidelines

- Ensure the die is used in accordance with the manufacturer's instructions to avoid accidents.
- Always inspect the die for any damage or wear before use.
- Keep the die and all components out of reach of children and vulnerable individuals.
- Use the die only for its intended purpose as outlined in this guide.
- Always wear appropriate safety gear, such as safety glasses, when handling reloading equipment.
- Report any unsafe conditions or accidents to the relevant authorities.

## Specific Safety Precautions for Use

- **Hazard Identification:**

- Risk of injury if the die is not used properly.
- Potential for damage to the cartridge case if calibration is not performed correctly.

- **Avoiding Hazards:**

- Always ensure the die is securely locked in place before use.
- Do not attempt to modify or repair the die without proper knowledge and tools.
- Follow the calibration instructions carefully to achieve correct neck tension.
- If the expander or ejector pin is damaged, replace it immediately before further use.

- **AgeSpecific Warnings:**

- This product is not intended for use by individuals under the age of 18 without adult supervision.

## Instructions for Installation and Usage

- **Installation:**

1. Begin by securely attaching the die to your reloading press using the 7/8 thread.
2. Adjust the die's position with the lock nut to ensure it is properly aligned.

- **Usage:**

1. Insert the cartridge case into the die.
2. Push the cartridge case into the die to initiate sizing.
3. Ensure the neck of the case is calibrated from the inside as it exits the die.
4. Monitor the tension of the neck to ensure it meets specifications.
5. If necessary, replace the expander or ejector pin using minimal effort.

- **PostUse Care:**

- Clean the die after use to prevent residue buildup.
- Store the die in a safe, dry place when not in use.

## **Disposal Instructions**

- Dispose of any damaged or unusable components in accordance with local regulations.
- Do not dispose of the die in regular household waste. Check for recycling options for metal components.

## **Contact Information for Further Support**

For any inquiries regarding safety, usage, or replacement parts, please refer to the contact information provided in the product manual. Ensure you have your product details ready for a more efficient response.

By following these guidelines, you can ensure a safer and more effective experience with your Full Length Die 7/8 Full Length Die 22250 Rem. Thank you for prioritizing safety in your reloading practices.
