

Full Length Die 7/8 - Full Length Die 6mm Creedmoor

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The FL dies is used to size the cartridge case on full length. In addition to a removable expander our FL dies have an integrated primer ejector pin. All used spindles, the expander and ejector pin can be replaced easily if necessary, with just little effort.

Calibration takes place when the cartridge case is pushed into the die. The neck of the case is calibrated from the inside when it is moved out of the die. This will form the cartridge case and achieves a correct neck tension.

The correct position of the die in the press is set with the lock nut. All relevant components have an article number for easy reordering if necessary. You will find further instructions and assistance in selecting accessories and spare parts in the manual.

Full Length Die 7/8 6mm Creedmoor Safety Instructions

Introduction

Thank you for choosing the Full Length Die 7/8 for 6mm Creedmoor. This product is designed to help you size cartridge cases safely and effectively. Please read this safety instruction guide carefully to ensure safe use and compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Always handle the die with care to avoid injury.
- Ensure that the die is used in accordance with the manufacturer's instructions.
- Keep the die out of reach of children and vulnerable individuals.
- Regularly inspect the die for signs of wear or damage before use.
- Report any unsafe conditions or accidents to the appropriate authorities.

Specific Safety Precautions for Use

- **Personal Protective Equipment:** Always wear safety glasses when using the die to protect your eyes from debris.
- **Work Area:** Ensure that your work area is clean, welllit, and free from distractions.
- **Tool Compatibility:** Use the die only with compatible reloading presses to avoid malfunction.
- **Proper Handling:** Avoid excessive force when operating the die to prevent damage and ensure safety.
- **Calibration:** Follow the calibration instructions carefully to avoid incorrect sizing of cartridge cases.

Instructions for Installation and Usage

1. Installation:

- Ensure that the reloading press is turned off and unplugged.
- Secure the die in the press using the lock nut to maintain stability during use.
- Check that all components, including the expander and ejector pin, are properly installed and functional.

2. Usage:

- Insert the cartridge case into the die, ensuring it is seated correctly.
- Slowly push the cartridge case into the die to begin sizing.
- Monitor the sizing process to ensure the neck of the case is calibrated correctly.
- Once the sizing is complete, carefully remove the cartridge case from the die.

3. PostUse Maintenance:

- Clean the die after each use to remove debris and prevent corrosion.
- Store the die in a dry, secure location away from moisture and extreme temperatures.

Disposal Instructions

- Dispose of any damaged or worn components in accordance with local waste disposal regulations.
- Do not dispose of the die in regular household waste. Check for designated recycling facilities for metal components.

Contact Information for Further Support

For further assistance, please refer to the product manual or reach out to your retailer for support regarding this product.

By following these safety instructions, you can ensure a safe and effective reloading experience with the Full Length Die 7/8 for 6mm Creedmoor. Thank you for prioritizing safety!
