

Full Length Die 7/8 - Full Length Die 6,5x52 R

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The FL dies is used to size the cartridge case on full length. In addition to a removable expander our FL dies have an integrated primer ejector pin. All used spindles, the expander and ejector pin can be replaced easily if necessary, with just little effort.

Calibration takes place when the cartridge case is pushed into the die. The neck of the case is calibrated from the inside when it is moved out of the die. This will form the cartridge case and achieves a correct neck tension.

The correct position of the die in the press is set with the lock nut. All relevant components have an article number for easy reordering if necessary. You will find further instructions and assistance in selecting accessories and spare parts in the manual.

Full Length Die 7/8 Full Length Die 6,5x52 R Safety Instruction Guide

Introduction

Thank you for choosing the Full Length Die 7/8 Full Length Die 6,5x52 R. This product is designed for resizing cartridge cases safely and effectively. Please read this safety instruction guide thoroughly to ensure safe usage and compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Always handle the die with care to avoid injury.
- Ensure that the die is used in accordance with the manufacturer's instructions.
- Keep the die and all its components out of reach of children and vulnerable individuals.
- Regularly inspect the die for any signs of wear or damage before use.
- If any components are damaged, do not use the die until they have been replaced.
- Report any unsafe conditions or incidents to the relevant authorities.

Specific Safety Precautions for Use

- **Personal Protective Equipment (PPE):** Always wear appropriate safety goggles and gloves when using the die to protect against metal fragments and debris.
- **Workspace Safety:** Use the die in a welllit and organized workspace to prevent accidents.
- **Die Compatibility:** Ensure that the die is compatible with the cartridge cases you are using to avoid malfunctions.
- **Calibration:** Follow the calibration instructions carefully to ensure proper sizing of the cartridge cases.
- **Lock Nut:** Always secure the die in place using the lock nut to prevent movement during operation.
- **Ejector Pin:** Be cautious when handling the ejector pin to avoid injury.

Instructions for Installation and Usage

1. Installation:

- Ensure the press is turned off and unplugged before installation.
- Attach the die to the press using the 7/8 thread, ensuring it is tightly secured with the lock nut.
- Check that the die is positioned correctly and is stable.

2. Usage:

- Insert the cartridge case into the die.
- Push the case into the die until it is fully seated.
- The die will calibrate the neck of the case from the inside as it is moved out.
- If necessary, adjust the die position using the lock nut for proper neck tension.
- After resizing, remove the cartridge case and inspect it for any defects.

3. Maintenance:

- Regularly clean the die and its components to ensure optimal performance.
- Replace any worn or damaged parts, including the expander and ejector pin, as needed.

Disposal Instructions

- Dispose of any damaged or unusable parts in accordance with local regulations.
- Recycle materials whenever possible to minimize environmental impact.
- Do not dispose of the die or its components in regular household waste.

Contact Information for Further Support

For any safety inquiries or additional support, please refer to the manufacturer's contact information provided in the product manual. It is important to have access to a reliable source for assistance and to report any safety concerns.

Thank you for your attention to these safety instructions. By following these guidelines, you can ensure safe and effective use of the Full Length Die 7/8 Full Length Die 6,5x52 R.
