

Full Length Die 7/8 - Full Length Die 6,5 Grendel

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The FL dies is used to size the cartridge case on full length. In addition to a removable expander our FL dies have an integrated primer ejector pin. All used spindles, the expander and ejector pin can be replaced easily if necessary, with just little effort.

Calibration takes place when the cartridge case is pushed into the die. The neck of the case is calibrated from the inside when it is moved out of the die. This will form the cartridge case and achieves a correct neck tension.

The correct position of the die in the press is set with the lock nut. All relevant components have an article number for easy reordering if necessary. You will find further instructions and assistance in selecting accessories and spare parts in the manual.

Full Length Die 7/8 and Full Length Die 6.5 Grendel Safety Instructions

Introduction

Thank you for choosing the Full Length Die 7/8 and Full Length Die 6.5 Grendel. This product is designed for safe and efficient resizing of cartridge cases. Please read this safety instruction guide carefully to ensure safe use and compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- **Product Safety:** This die is designed to ensure safe use. Always follow the guidelines to minimize risks associated with its operation.
- **Enhanced Recalls:** Be aware that if a safety issue arises, standardized recall notices will be issued, and remedies will be provided at no cost.
- **Online Shopping:** When purchasing online, ensure that the retailer complies with safety requirements similar to those in physical stores.
- **Special Consumer Focus:** Extra care should be taken when this product is used around vulnerable groups, such as children.
- **EU Contact Point:** For any safety inquiries, please refer to the designated EU-based contact point provided by the manufacturer.
- **Rapid Alerts:** Stay informed about any unsafe products through the EU's Safety Gate platform.

Specific Safety Precautions for Use

- **Read the Manual:** Always read and understand the manual before using the die.
- **Personal Protective Equipment (PPE):** Use appropriate PPE, such as safety glasses and gloves, when handling the die and cartridge cases.
- **Work Environment:** Ensure that your workspace is clean, dry, and well-lit to prevent accidents.
- **Inspection:** Regularly inspect the die for any signs of wear or damage. Do not use a damaged die.
- **Keep Out of Reach:** Store the die out of reach of children and pets to prevent accidents.
- **Follow Instructions:** Adhere strictly to the instructions provided for installation and usage.

Instructions for Installation and Usage

1. Installation:

- Ensure your reloading press is compatible with the Full Length Die 7/8.
- Securely attach the die to the press using the lock nut to set the correct position.
- Check that the expander and ejector pin are properly installed and functional.

2. Usage:

- Insert the cartridge case into the die. Ensure it is seated properly before proceeding.
- Operate the press to push the cartridge case into the die. This will resize the case and calibrate the neck from the inside.
- Once the case is resized, remove it from the die carefully.
- If necessary, replace any worn spindles, expander, or ejector pin with minimal effort.
- Always check the neck tension after resizing to ensure it meets specifications.

Disposal Instructions

- Dispose of any damaged or unusable components in accordance with local regulations.
- Do not throw the die into regular waste. Check with local waste management for proper disposal methods.

Contact Information for Further Support

For further assistance or inquiries regarding safety or product performance, please refer to the manufacturer's contact information, which is provided in the product manual.

By following these safety instructions, you will ensure a safe and effective experience with your Full Length Die 7/8 and Full Length Die 6.5 Grendel. Thank you for your attention to safety.
