

# Bench-Rest Neck Die 7/8 - Bench-Rest Neck Die 5,6x61 S.E.v.H.

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The Bench-Rest (BR)-Neck-Die guides the cartridge case over the full length before the cartridge case will be formed with an interchangeable precision ground bushing.

The guide sleeve has the internal contour of the cartridge chamber to cover the cartridge case.

The guide sleeve and the body of this reloading-die are perfectly matched to ensure exact axial alignment of the cartridge during the sizing process.

AVAILABLE

Of course, the BR-Neck-sizer has an optional expander and the exchangeable primer ejector pin.

This die is the perfect choice for those, who want to leave nothing to chance when reloading.

All relevant components have an article number for easy reordering if necessary.

You will find further instructions and assistance in selecting accessories and spare parts in the manual.

# BenchRest Neck Die Safety Instruction Guide

## Introduction

Thank you for choosing the BenchRest Neck Die 5,6x61 S.E.v.H. This guide provides essential safety instructions and guidelines to ensure safe and effective use of the product. Please read this manual carefully before using the die to avoid potential hazards and ensure compliance with safety regulations.

## General Safety Guidelines

- Ensure that the BenchRest Neck Die is used only for its intended purpose.
- Always wear appropriate safety gear, such as safety glasses and gloves, when handling reloading equipment.
- Keep the work area clean and organized to prevent accidents.
- Store the die in a safe place, out of reach of children and pets.
- Regularly inspect the die and its components for wear or damage before use.
- Follow all local laws and regulations regarding reloading and ammunition.

## Specific Safety Precautions for Use

- Always use the die in a wellventilated area to avoid inhaling any particles or fumes.
- Do not exceed the recommended cartridge specifications for the die.
- Ensure that the cartridge case is properly aligned in the die before beginning the sizing process.
- Do not force the cartridge case into the die; if resistance is met, stop and check for obstructions.
- Use the optional expander and primer ejector pin as instructed to avoid damaging the die or cartridge.
- Be aware of the potential for lead exposure when handling leadbased components; wash hands thoroughly after use.

## Instructions for Installation and Usage

### 1. Installation

- Ensure the reloading press is securely mounted and stable.
- Thread the BenchRest Neck Die into the reloading press using the 7/8 thread.
- Tighten the die securely but avoid overtightening, which may damage the threads.

### 2. Usage

- Adjust the die according to the manufacturer's specifications for the desired cartridge size.
- Insert the cartridge case into the guide sleeve, ensuring it is properly seated.
- Slowly pull the handle of the reloading press to size the cartridge case.
- If using the expander, follow the specific instructions for its use during the sizing process.
- After resizing, inspect the cartridge case for proper dimensions and any signs of damage.
- Clean the die and components after use to maintain performance and longevity.

## Disposal Instructions

- Dispose of any worn or damaged components in accordance with local regulations.
- Do not throw the die or its components into regular household waste.
- Check with local waste management authorities for proper disposal methods for metal and plastic components.

## Contact Information for Further Support

For further assistance or inquiries regarding the BenchRest Neck Die, please refer to the product manual or contact the manufacturer directly. Ensure you have the article number ready for any inquiries related to reordering or replacement parts.

By following these safety guidelines and instructions, you can ensure a safe and effective experience with your BenchRest Neck Die. Thank you for your attention to safety, and happy reloading!
