

# Bench-Rest Neck Die 7/8 - Bench-Rest Neck Die 6,5x54 M-Sch

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The Bench-Rest (BR)-Neck-Die guides the cartridge case over the full length before the cartridge case will be formed with an interchangeable precision ground bushing.

The guide sleeve has the internal contour of the cartridge chamber to cover the cartridge case.

The guide sleeve and the body of this reloading-die are perfectly matched to ensure exact axial alignment of the cartridge during the sizing process.

AVAILABLE

Of course, the BR-Neck-sizer has an optional expander and the exchangeable primer ejector pin.

This die is the perfect choice for those, who want to leave nothing to chance when reloading.

All relevant components have an article number for easy reordering if necessary.

You will find further instructions and assistance in selecting accessories and spare parts in the manual.

# BenchRest Neck Die Safety Instructions

## Introduction

Thank you for choosing the BenchRest Neck Die 7/8 for your reloading needs. This product is designed to provide precision and reliability in crafting ammunition. Please read this safety instruction guide carefully to ensure safe usage and compliance with EU regulations.

## General Safety Guidelines

- Ensure that the BenchRest Neck Die is used only for its intended purpose.
- Always handle the die with care to prevent injury or damage.
- Keep the die out of reach of children and vulnerable individuals.
- Regularly inspect the die for any signs of wear or damage before use.
- Follow all local regulations regarding the handling and storage of reloading equipment.

## Specific Safety Precautions for Use

- Always wear appropriate safety gear, including eye protection, when reloading ammunition.
- Do not exceed the recommended specifications for your cartridge or use damaged components.
- Ensure that your workspace is clean and organized to prevent accidents.
- Be aware of the potential hazards associated with reloading, including the handling of primers and powders.
- Use the die in a wellventilated area to avoid inhalation of any dust or fumes.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather all necessary components, including the BenchRest Neck Die, cartridge cases, and any additional tools required for reloading.
- Ensure that your reloading press is securely mounted and stable.

### 2. Installation:

- Carefully screw the BenchRest Neck Die into the reloading press, ensuring that it is tightened securely.
- Check that the interchangeable precision ground bushing is properly installed.

### 3. Usage:

- Insert the cartridge case into the guide sleeve of the die.
- Ensure that the case is properly aligned with the internal contour of the cartridge chamber.
- Operate the reloading press to size the cartridge case, ensuring smooth and consistent motion.
- If using the optional expander or primer ejector pin, follow the manufacturer's instructions for installation and use.

### 4. PostUse:

- Clean the die after each use to remove any residue or debris.
- Store the die in a safe, dry place when not in use.

## Disposal Instructions

- Dispose of any damaged or worn components in accordance with local regulations.
- Do not dispose of the die in regular household waste. Instead, contact your local waste management authority for guidance on proper disposal methods.

## Contact Information for Further Support

For any questions or concerns regarding the use of the BenchRest Neck Die, please refer to the product manual or contact your retailer for assistance. It is important to keep this guide for future reference.

## Conclusion

By following these safety instructions, you can ensure a safe and effective reloading experience with the BenchRest Neck Die. Always prioritize safety and stay informed about best practices in reloading. Thank you for choosing our product.
