

Bench-Rest Neck Die 7/8 - Bench-Rest Neck Die 6,5x64 Brenneke

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The Bench-Rest (BR)-Neck-Die guides the cartridge case over the full length before the cartridge case will be formed with an interchangeable precision ground bushing.

The guide sleeve has the internal contour of the cartridge chamber to cover the cartridge case.

The guide sleeve and the body of this reloading-die are perfectly matched to ensure exact axial alignment of the cartridge during the sizing process.

Of course, the BR-Neck-sizer has an optional expander and the exchangeable primer ejector pin.

This die is the perfect choice for those, who want to leave nothing to chance when reloading.

All relevant components have an article number for easy reordering if necessary.

You will find further instructions and assistance in selecting accessories and spare parts in the manual.

BenchRest Neck Die Safety Instructions

Introduction

Thank you for choosing the BenchRest Neck Die 7/8 for your reloading needs. This product is designed to provide precision and accuracy in the reloading process. To ensure safe and effective use of this product, please read and follow the safety instructions outlined in this guide.

General Safety Guidelines

- Always use the product according to the manufacturer's instructions.
- Ensure that the work area is clean, dry, and welllit.
- Keep the product out of reach of children and unauthorized users.
- Wear appropriate safety gear, including safety glasses and gloves, when using the die.
- Regularly inspect the die for any signs of wear or damage before use.
- Report any unsafe conditions or incidents to the appropriate authorities.

Specific Safety Precautions for Use

- Do not exceed the maximum load specifications provided in the reloading manual.
- Ensure that the cartridge case is properly seated in the die before beginning the sizing process.
- Avoid using the die with damaged or worn components.
- Do not attempt to modify the die or use it for purposes other than intended.
- Always follow the reloading data and guidelines specific to the caliber you are working with.
- Keep fingers and other body parts clear of moving parts during operation.

Instructions for Installation and Usage

1. Installation:

- Ensure the reloading press is securely mounted to a stable work surface.
- Thread the BenchRest Neck Die into the reloading press using the 7/8 inch thread.
- Tighten the die securely, but do not overtighten to avoid damaging the threads.

2. Usage:

- Prepare your cartridge cases by cleaning and inspecting them for damage.
- Insert the cartridge case into the die, ensuring it is properly aligned with the internal contour.
- If using the optional expander, install it as per the manufacturer's instructions.
- Operate the reloading press smoothly to size the cartridge case.
- After sizing, remove the case and inspect it for proper dimensions.
- If necessary, repeat the sizing process until the desired results are achieved.

Disposal Instructions

- Dispose of any unused or damaged components in accordance with local regulations.
- Do not dispose of the die in regular household waste.
- Seek out local recycling programs or hazardous waste disposal facilities for proper disposal methods.

Contact Information for Further Support

For any questions or concerns regarding the BenchRest Neck Die, please refer to the manufacturer's website or contact your local distributor for assistance. Always ensure that you have the article number handy for any

inquiries.

By following these safety instructions, you can ensure a safe and effective reloading experience with your BenchRest Neck Die. Thank you for your attention to these guidelines, and happy reloading!
