

# Bench-Rest Neck Die 7/8 - Bench-Rest Neck Die 7,5x55 Suisse

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The Bench-Rest (BR)-Neck-Die guides the cartridge case over the full length before the cartridge case will be formed with an interchangeable precision ground bushing.

The guide sleeve has the internal contour of the cartridge chamber to cover the cartridge case.

The guide sleeve and the body of this reloading-die are perfectly matched to ensure exact axial alignment of the cartridge during the sizing process.

Of course, the BR-Neck-sizer has an optional expander and the exchangeable primer ejector pin.

This die is the perfect choice for those, who want to leave nothing to chance when reloading.

All relevant components have an article number for easy reordering if necessary.

You will find further instructions and assistance in selecting accessories and spare parts in the manual.

# BenchRest Neck Die Safety Instructions

## Introduction

Thank you for choosing the BenchRest Neck Die 7/8 for your reloading needs. This guide provides important safety information and instructions to ensure safe and effective use of the product. Please read this document carefully before using the die.

## General Safety Guidelines

- Always handle reloading equipment with care and follow safety procedures.
- Ensure that the work area is clean and free from obstructions.
- Use personal protective equipment (PPE) such as safety glasses and gloves.
- Keep the BenchRest Neck Die out of reach of children and unauthorized users.
- Regularly inspect the die for wear and damage before use.
- Follow all manufacturer instructions for use and maintenance.

## Specific Safety Precautions for Use

- Ensure that the die is securely mounted before use to prevent movement during operation.
- Do not exceed the recommended load limits specified in the reloading manual.
- Always use the appropriate cartridge case for the die to avoid misalignment and potential accidents.
- Avoid using the die in wet or damp conditions to prevent slipping and electrical hazards.
- If you experience any issues during the reloading process, stop immediately and inspect the die and components for problems.

## Instructions for Installation and Usage

### 1. Installation

- Ensure that your reloading press is compatible with 7/8 thread dies.
- Securely mount the BenchRest Neck Die into the reloading press.
- Tighten the die using the appropriate wrench to ensure it is fixed in place.

### 2. Usage

- Prepare your cartridge case by cleaning and inspecting it for damage.
- Insert the cartridge case into the guide sleeve of the die.
- Ensure that the case is properly aligned with the internal contour of the guide sleeve.
- Operate the reloading press to size the cartridge case, ensuring smooth and even pressure.
- If using the optional expander, follow the specific instructions provided with the accessory.
- After sizing, remove the cartridge case and inspect it for proper dimensions and alignment.

## Disposal Instructions

- Dispose of any damaged or worn components in accordance with local regulations.
- Do not throw the die in regular household waste. Contact your local waste management authority for proper disposal methods.
- Ensure that any remaining materials or chemicals used during the reloading process are disposed of safely and responsibly.

## **Contact Information for Further Support**

For further assistance with your BenchRest Neck Die or to report any safety concerns, please refer to the manufacturer's contact information provided in the product packaging.

## **Conclusion**

By following these safety instructions, you can ensure a safe and effective reloading experience with the BenchRest Neck Die 7/8. Always prioritize safety and do not hesitate to reach out for support if needed. Thank you for your commitment to responsible reloading practices.
