

# Bench-Rest Neck Die 7/8 - Bench-Rest Neck Die 7,5x55 K31

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The Bench-Rest (BR)-Neck-Die guides the cartridge case over the full length before the cartridge case will be formed with an interchangeable precision ground bushing.

The guide sleeve has the internal contour of the cartridge chamber to cover the cartridge case.

The guide sleeve and the body of this reloading-die are perfectly matched to ensure exact axial alignment of the cartridge during the sizing process.

Of course, the BR-Neck-sizer has an optional expander and the exchangeable primer ejector pin.

This die is the perfect choice for those, who want to leave nothing to chance when reloading.

All relevant components have an article number for easy reordering if necessary.

You will find further instructions and assistance in selecting accessories and spare parts in the manual.

# BenchRest Neck Die 7/8 Safety Instruction Guide

## Introduction

Thank you for choosing the BenchRest Neck Die 7/8 for your reloading needs. This product is designed to ensure precision and safety during the reloading process. Please read this safety instruction guide carefully to understand how to use the product safely and effectively.

## General Safety Guidelines

- Ensure that you are familiar with the operation of reloading equipment and follow all safety protocols.
- Always wear appropriate safety gear, including safety glasses, when using reloading tools.
- Keep the workspace clean and free of distractions to maintain focus while reloading.
- Store the BenchRest Neck Die and all reloading components out of reach of children and unauthorized users.
- Regularly inspect the die for wear or damage before each use. Do not use if damaged.
- Follow local laws and regulations regarding ammunition reloading and storage.

## Specific Safety Precautions for Use

- Handle all cartridge cases with care to avoid injury from sharp edges.
- Use only the appropriate caliber and type of cartridge case for this die (7.5x55 K31).
- Ensure that the die is securely mounted before use to prevent movement during the sizing process.
- Do not exceed recommended loads or use components that are not compatible with the die.
- Be cautious when using the expander and primer ejector pin; ensure they are properly installed and functioning.
- Avoid placing fingers near the die during operation to prevent injury.

## Instructions for Installation and Usage

### 1. Installation:

- Securely attach the BenchRest Neck Die to your reloading press using the 7/8 thread.
- Ensure the die is tightened properly to prevent movement during use.
- Install the interchangeable precision ground bushing according to the manufacturer's instructions.

### 2. Usage:

- Prepare the cartridge case by cleaning it thoroughly before sizing.
- Insert the cartridge case into the guide sleeve, ensuring it is aligned correctly.
- Operate the reloading press slowly and steadily to size the cartridge case.
- If using the optional expander, follow the specific instructions provided for installation and use.
- After sizing, inspect the cartridge case for any issues before proceeding to the next step in the reloading process.

## Disposal Instructions

- Dispose of any damaged or unusable components in accordance with local regulations.
- Follow proper recycling guidelines for any metal or plastic parts.
- Do not dispose of reloading materials in regular household waste.

## **Contact Information for Further Support**

For any questions or concerns regarding the BenchRest Neck Die or safety practices, please refer to the manufacturer's manual or contact your local dealer for assistance.

Thank you for prioritizing safety while using the BenchRest Neck Die 7/8. Your careful attention to these guidelines will help ensure a safe and enjoyable reloading experience.
