

Seater with Crimp 7/8 - Seater with Crimp 22-250 Rem

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Bullet Seater with crimp (Seat)

Our standard bullet seater guides the bullet in an exact guide bushing. This ensures good accuracy.

The Bullet Seater is the solid choice for quickly seating the bullet.

As standard, the Bullet Seater offers the option to crimp the mouth of the cartridge case. This means that you can work with or without a crimp.

The seater-head can be easily replaced to another type. We offer various types of seater-heads.

Choosing the correct seater head for the bullet used often improves concentricity significantly.

You will find further instructions and assistance in selecting accessories and spare parts in the manual.

Safety Instruction Guide for Seater with Crimp 7/8 Seater with Crimp 22250 Rem

Introduction

Thank you for choosing the Seater with Crimp 7/8 Seater with Crimp 22250 Rem. This product is designed for reloading ammunition and is intended for use by individuals with knowledge of firearm safety and ammunition reloading. Please read this safety instruction guide carefully to ensure safe and effective use of the product.

General Safety Guidelines

- Always handle ammunition and reloading equipment with care.
- Ensure that you are in a safe and controlled environment when using this product.
- Keep the product out of reach of children and unauthorized users.
- Familiarize yourself with the local laws and regulations regarding ammunition reloading.
- Always wear appropriate safety gear, such as safety glasses and gloves, when using the product.
- Regularly inspect the product for wear or damage before use.
- In case of any malfunction or if you suspect the product is unsafe, stop using it immediately and seek assistance.

Specific Safety Precautions for Use

- Ensure that the bullet seater is compatible with the bullet type you are using.
- Do not exceed recommended load limits when reloading ammunition.
- Use the crimp feature only when necessary and ensure that the crimp is applied correctly.
- Always check that the cartridge case is properly positioned in the seater before operation.
- Avoid distractions while using the product to maintain focus and safety.
- Store the product in a secure location when not in use to prevent unauthorized access.

Instructions for Installation and Usage

1. Installation:

- Choose a stable and secure work surface for installation.
- Ensure that the reloading press is properly mounted and secure.
- Attach the bullet seater to the reloading press using the 7/8 thread provided.
- Select the appropriate seaterhead for the bullet type being used and install it according to the manufacturer's instructions.

2. Usage:

- Prepare your cartridge cases and ensure they are clean and free of debris.
- Insert the cartridge case into the reloading press.
- Place the bullet into the seater's guide bushing.
- Operate the reloading press to seat the bullet into the cartridge case.
- If crimping is desired, adjust the seaterhead accordingly and apply the crimp.
- Inspect the completed cartridge for proper seating and crimping.

Disposal Instructions

- Dispose of any defective or damaged components in accordance with local regulations.
- Do not dispose of the product in regular household waste.
- Check with local authorities for proper disposal methods for reloading equipment.

Contact Information for Further Support

For any questions or concerns regarding the Seater with Crimp 7/8 Seater with Crimp 22250 Rem, please refer to the manufacturer's manual or contact the manufacturer directly. Ensure that you have the product details ready for a more efficient response.

By following these guidelines, you can ensure safe and effective use of your Seater with Crimp 7/8 Seater with Crimp 22250 Rem. Thank you for prioritizing safety in your reloading practices.
