

Seater with Crimp 7/8 - Seater with Crimp 6mm Creedmoor

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Bullet Seater with crimp (Seat)

Our standard bullet seaters guide the bullet in an exact guide bushing. This ensures good accuracy.

The Bullet Seater is the solid choice for quickly seating the bullet.

As standard, the Bullet Seater offers the option to crimp the mouth of the cartridge case. This means that you can work with or without a crimp.

The seater-head can be easily replaced to another type. We offer various types of seater-heads.

Choosing the correct seater head for the bullet used often improves concentricity significantly.

You will find further instructions and assistance in selecting accessories and spare parts in the manual.

Safety Instruction Guide for Seater with Crimp 7/8 Seater with Crimp 6mm Creedmoor

Introduction

Thank you for choosing the Seater with Crimp 7/8 Seater with Crimp 6mm Creedmoor. This product is designed for safe and efficient bullet seating. Please read this safety instruction guide carefully to ensure proper use and to minimize risks associated with the product.

General Safety Guidelines

- Always use the product in accordance with the manufacturer's instructions.
- Ensure that the workspace is clean and free from any obstructions or hazards.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the product for any signs of wear or damage before use.
- Report any unsafe products or accidents to the relevant authorities.
- Stay informed about recall updates via the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Use only compatible bullet types with the Seater.
- Wear appropriate safety gear, including eye protection, when using the product.
- Avoid placing hands or fingers near the moving parts during operation.
- Ensure that the product is securely mounted and stable before use.
- Do not exceed the recommended seating pressure as specified in the manual.
- If you experience any unusual noise or resistance during use, stop immediately and inspect the product.

Instructions for Installation and Usage

1. Installation

- Ensure that the workbench or surface is sturdy and stable.
- Securely mount the Seater to your work surface using appropriate clamps or screws.
- Verify that the seaterhead is properly attached and tightened.

2. Usage

- Select the appropriate seaterhead for the bullet you are using. Refer to the manual for guidance on choosing the correct head.
- Insert the cartridge case into the Seater.
- Position the bullet into the case mouth.
- Pull the handle down to seat the bullet. Apply a consistent and gentle pressure.
- If crimping is desired, adjust the settings accordingly before seating the bullet.
- After seating, inspect the cartridge for proper bullet seating and crimping.

3. PostUsage Care

- Clean the Seater after each use to remove any residue or debris.
- Store the product in a dry and safe location, away from children.

Disposal Instructions

- Dispose of the product in accordance with local regulations.
- Do not dispose of the product in household waste.
- Contact local waste management authorities for proper disposal methods.

Contact Information for Further Support

For any questions or concerns regarding the Seater with Crimp 7/8 Seater with Crimp 6mm Creedmoor, please refer to the manual or consult with a qualified professional for assistance.
