

# Seater with Crimp 7/8 - Seater with Crimp 6x47 Lapua

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Bullet Seater with crimp (Seat)

Our standard bullet seater guides the bullet in an exact guide bushing. This ensures good accuracy.

The Bullet Seater is the solid choice for quickly seating the bullet.

As standard, the Bullet Seater offers the option to crimp the mouth of the cartridge case. This means that you can work with or without a crimp.

The seater-head can be easily replaced to another type. We offer various types of seater-heads.

Choosing the correct seater head for the bullet used often improves concentricity significantly.

You will find further instructions and assistance in selecting accessories and spare parts in the manual.

# Safety Instruction Guide for Seater with Crimp 7/8 and 6x47 Lapua

## Introduction

Thank you for choosing the Seater with Crimp 7/8 and 6x47 Lapua. This product is designed to provide a reliable and accurate way to seat bullets, ensuring optimal performance in your reloading process. To ensure safe and effective use of this product, please read and follow the safety guidelines and instructions provided in this manual.

## General Safety Guidelines

- Always use the product in accordance with the manufacturer's instructions.
- Keep the product out of reach of children and vulnerable individuals.
- Inspect the product before each use for any signs of damage or wear.
- Do not exceed the recommended specifications for bullet seating and crimping.
- Ensure that the work area is clean, dry, and free from distractions.
- Wear appropriate personal protective equipment (PPE), such as safety glasses and gloves, when using the product.
- Report any unsafe conditions or accidents to the relevant authorities.

## Specific Safety Precautions for Use

- Ensure that the bullet seater is securely attached to the reloading press before use.
- Use only compatible bullet types and sizes as specified by the manufacturer.
- Be cautious of sharp edges and moving parts when operating the seater.
- Avoid direct contact with the crimping mechanism when in operation to prevent injury.
- Do not attempt to modify or alter the product in any way.
- Store the product in a safe, dry location when not in use.

## Instructions for Installation and Usage

### Installation

#### 1. Prepare the Workspace:

- Ensure your workspace is clean and welllit.
- Gather all necessary tools and components, including the reloading press and bullet components.

#### 2. Attach the Seater:

- Securely attach the bullet seater to the reloading press according to the manufacturer's specifications.
- Ensure that the thread (7/8) is properly aligned and tightened.

#### 3. Select the Seater Head:

- Choose the appropriate seater head for your bullet type.
- Replace the seater head if necessary by following the manufacturer's instructions.

### Usage

#### 1. Loading the Cartridge:

- Insert the cartridge case into the reloading press.
- Ensure the case is properly positioned and secured.

## **2. Seating the Bullet:**

- Place the bullet into the case mouth.
- Activate the reloading press to seat the bullet. Ensure that the bullet is seated to the desired depth.

## **3. Applying the Crimp:**

- If crimping is desired, adjust the seater to apply the crimp to the cartridge mouth.
- Ensure the crimp is applied evenly and securely.

## **4. Inspect the Finished Cartridge:**

- Check the seated bullet and crimp for proper alignment and integrity.
- Discard any cartridges that do not meet safety standards.

# **Disposal Instructions**

- Dispose of any damaged or worn components in accordance with local regulations.
- Recycle packaging materials where possible.
- Do not dispose of cartridges or reloading components in regular household waste.

# **Contact Information for Further Support**

For any questions or concerns regarding the Seater with Crimp 7/8 and 6x47 Lapua, please refer to the manufacturer's support resources. It is important to have access to assistance for safe and effective use of this product.

By following these guidelines, you can ensure a safe and effective experience using the Seater with Crimp 7/8 and 6x47 Lapua. Thank you for prioritizing safety in your reloading practices.
