

Seater with Crimp 7/8 - Seater with Crimp 6mm BR Norma

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Bullet Seater with crimp (Seat)

Our standard bullet seater guides the bullet in an exact guide bushing. This ensures good accuracy.

The Bullet Seater is the solid choice for quickly seating the bullet.

As standard, the Bullet Seater offers the option to crimp the mouth of the cartridge case. This means that you can work with or without a crimp.

The seater-head can be easily replaced to another type. We offer various types of seater-heads.

Choosing the correct seater head for the bullet used often improves concentricity significantly.

You will find further instructions and assistance in selecting accessories and spare parts in the manual.

Safety Instruction Guide for Seater with Crimp

7/8 Seater with Crimp 6mm BR Norma

Introduction

Thank you for purchasing the Seater with Crimp 7/8 Seater with Crimp 6mm BR Norma. This product is designed for use in precision bullet seating and crimping. To ensure safe and effective use, please read and follow this safety instruction guide carefully. It contains important information regarding the safe operation, installation, and disposal of your product.

General Safety Guidelines

- **Product Safety:** This product complies with the EU General Product Safety Regulation (GPSR) and is designed to ensure safe use. Always follow the instructions provided to minimize risks.
- **Enhanced Recalls:** In the unlikely event of a product recall, standardized notices will be provided, and remedies will be offered free of charge.
- **Online Shopping:** Ensure that any online purchase of this product is made through authorized retailers that comply with safety regulations.
- **Special Consumer Focus:** Extra care should be taken when using this product around vulnerable groups, particularly children. Keep the product out of reach when not in use.
- **EU Contact Point:** Should you have any safety inquiries, please ensure you are aware of the appropriate EU contact point for this product.
- **Rapid Alerts:** Stay informed about any safety updates or recalls by checking the EU's Safety Gate platform regularly.

Specific Safety Precautions for Use

- **Read the Manual:** Before using the product, read the entire manual to understand the features and functions.
- **Wear Protective Gear:** Always wear safety glasses and gloves when handling ammunition and reloading equipment.
- **Check for Damage:** Inspect the product for any signs of damage before use. Do not use if damaged.
- **Avoid Overloading:** Ensure that you do not exceed the recommended limits for the product to prevent malfunctions.
- **Keep Work Area Clean:** Maintain a clean and organized workspace to prevent accidents.
- **Supervision:** Ensure that children and untrained individuals are supervised or kept away from the work area when using this product.

Instructions for Installation and Usage

1. Installation:

- Ensure that your reloading press is securely mounted and stable.
- Attach the Seater with Crimp to the reloading press using the provided threads (7/8).
- Check that the seaterhead is properly installed and secure.

2. Usage:

- **Seating Bullets:**
 - Place the cartridge case into the reloading press.
 - Insert the bullet into the case mouth.
 - Pull the handle to seat the bullet to the desired depth.
- **Crimping:**

- If crimping is desired, adjust the seaterhead to apply the appropriate amount of crimp.
- Ensure that the cartridge case is positioned correctly before crimping.
- **Changing SeaterHeads:**
 - To change the seaterhead, follow the manufacturer's instructions for removal and replacement.
 - Select the appropriate seaterhead based on the bullet type for improved concentricity.

Disposal Instructions

- **Responsible Disposal:** Dispose of any packaging materials and product components in accordance with local regulations.
- **Recycling:** Where possible, recycle materials such as cardboard and plastic.
- **Hazardous Waste:** If the product or its components are deemed hazardous, follow your local guidelines for hazardous waste disposal.

Contact Information for Further Support

For any questions or concerns regarding the Seater with Crimp 7/8 Seater with Crimp 6mm BR Norma, please refer to the relevant EU contact point for assistance.

By following these safety guidelines and instructions, you can ensure a safe and effective experience with your Seater with Crimp 7/8 Seater with Crimp 6mm BR Norma. Always prioritize safety and adhere to best practices when handling reloading equipment. Thank you for choosing our product.
