

# Seater with Crimp 7/8 - Seater with Crimp 6mm PPC-USA

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Bullet Seater with crimp (Seat)

Our standard bullet seaters guide the bullet in an exact guide bushing. This ensures good accuracy.

The Bullet Seater is the solid choice for quickly seating the bullet.

As standard, the Bullet Seater offers the option to crimp the mouth of the cartridge case. This means that you can work with or without a crimp.

The seater-head can be easily replaced to another type. We offer various types of seater-heads.

Choosing the correct seater head for the bullet used often improves concentricity significantly.

You will find further instructions and assistance in selecting accessories and spare parts in the manual.

# Safety Instruction Guide for Seater with Crimp 7/8 Seater with Crimp 6mm PPCUSA

## Introduction

Thank you for choosing the Seater with Crimp 7/8 Seater with Crimp 6mm PPCUSA. This product is designed to provide precise bullet seating while ensuring safety during use. Please read this safety instruction guide carefully to understand how to use the product safely and effectively.

## General Safety Guidelines

- Always follow the manufacturer's instructions for safe use.
- Ensure that the product is used only for its intended purpose.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the product for any signs of wear or damage.
- Store the product in a cool, dry place away from direct sunlight.
- Report any unsafe products or incidents to the appropriate authorities.
- Stay informed about product recalls and safety updates via the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Always wear appropriate personal protective equipment (PPE) such as safety glasses and gloves when using the product.
- Ensure that the work area is clean and free from any obstructions.
- Do not exceed the recommended load limits for the product.
- Avoid using the product if you are under the influence of drugs or alcohol.
- Ensure that all components are properly secured before use.
- Do not modify the product or use it in any way not specified by the manufacturer.
- Be aware of your surroundings and ensure that no one is in close proximity while using the product.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure the work surface is stable and secure.
- Attach the bullet seater to the reloading press using the 7/8 thread.
- Make sure the seaterhead is properly aligned and secured.
- If changing the seaterhead, follow the manufacturer's instructions for removal and installation.

### 2. Usage:

- Place the cartridge case into the reloading press.
- Insert the bullet into the case mouth, ensuring proper alignment.
- Adjust the seaterhead according to the bullet type being used.
- Engage the press to seat the bullet into the cartridge case.
- If crimping is desired, adjust the crimping feature according to the manufacturer's instructions.
- After seating, inspect the cartridge for proper bullet seating and crimping.

## Disposal Instructions

- Dispose of the product in accordance with local regulations.
- Do not dispose of the product in regular household waste.
- Check with local waste management authorities for proper disposal methods for metal and plastic

components.
